

## **When They Say Socialism.... Don't Respond "Venezuela"**

The Conservative response to Liberals promoting socialism is: "Venezuela."

For a generation that watches CNN and MSNBC this is meaningless, because they have been shielded from reality.

The real issue is the lack of understanding of "Capitalism." **They were taught, "Capitalism is the pursuit of profit at ALL costs."**

We need to counter with **"Capitalism is the ability to bring new products and ideas to an open market."**

You believe:

- There is a market for vegan restaurants? **OPEN ONE**
- American's would prefer burritos to hamburgers? **START ONE**
- Grandma's cookie recipe will go viral? **BEGIN BAKING**

- Vaping will replace cigarettes? **GO FOR IT**

- Have an idea for an app? **BUILD IT**

America's liberal return policies which allows you to return the dress after you wear it or return a 65" TV after the Super Bowl is a result of Capitalism.

American companies take stuff back to keep you as a customer. This is the heart of Capitalism.

What about healthcare? Aren't Capitalism and a human right such as healthcare in conflict with each other?

Compare the amount of medical technology and life-saving drugs and procedures by capitalist countries versus countries with socialized medicine. Which system has saved more lives?

**This is how you defend capitalism.**
