

What is The One Question That Destroys Democrats?

By: Alan J. Huber CFP®

This is a quick lesson in converting liberals. We start by throwing them off balance by making them defensive.

What have the Democrats done for you ?

This is the magic question

Just mention TRUMP, and they will yell: "Trump is corrupt." "Trump is a racist" "Trump is an idiot"

Simply ask them the following question:

"My guy is keeping the promises he made to "ME."

"What have the Democrats done for "YOU?"

They will deflect and say that Trump has not built the wall or made Mexico pay for it.

We answer: "He fights every day to try to protect the borders but he is constantly blocked by Democrats and the courts."

Now you ask your liberal: "Do you really want to destroy America with open borders?"

Now you get to pounce:

Say: The Democratic Party has one objective: "Impeach the President."

But they know it is meaningless because he will not be removed by the Republican Senate.

Now add: My guy:

- Jumpstarted the economy
- Moved the embassy to Jerusalem
- Forced our allies to pay more for their defense
- Cut and simplified taxes
- Brought back jobs
- Reduced nuclear tensions

You say: **What have the Democrats done for you?**

Now sit back and enjoy the hemming and hawing.
