

Impeachment Yawn Proves Trump Wins 3 Year War Versus MSM

I am adding this to my 30 second Thursday column because no one else has this take.

Since election night President Trump and the establishment media have been fighting the exact same war on different sides.

The media has been trying to separate Trump supporters from the president. They did this to Bush 43 bringing him from 50% into the 30s.

At the same time, our president has worked diligently to destroy the credibility of the media in the eyes of the American public. Media credibility is at an all-time low.

The proof- the US Congress held an impeachment vote and “NO ONE CARED”

Chuck Todd "Let's be honest, Lester. It feels like we're coming on the air dealing with a government shutdown threat, not impeachment. "

Try as they might, they were unable to light up the American public about the president because America has tuned the media out.

Trump support has increased and the media's support is in the toilet.

TRUMP WON - and don't let anyone tell you otherwise
