Another 30 second extravaganza.

When my daughter became an adult, she would say "Dad... You're lecturing me." Translation..... I'm tuning you out.

Lesson..... Stop lecturing to liberals, and start asking questions.

**Q1) Trump wants to remove pre-existing conditions**

YOU-Pull out your phone. When did he ever say that?

Background: Donald Trump has always said pre-existing conditions must be covered.

**Q2) Why does Trump call it fake news?**

YOU - Yesterday (1/15) Speaker Pelosi walked the impeachment file down the hall to the Senate. At the same time, President Trump was signing a huge trade deal with China to improve the American economy.

Which one did CNN spend most of the day covering?

**Q3) Trump said Mexicans are rapists?**

YOU - What percentage of the Mexican population did Trump say were rapists?

Background: Trump was referring to illegals coming over the border where 80% of women are sexually abused. If the number of Mexican Illegal men in 1 year is 1 million (its lower and Mexico population is 130M) then he is saying less then 1% of Mexican men are rapists.

Don't feminists believe that 30% of college men are rapists?
