

Federal Appeals Court Clears Way For Trump's Re-Election

This is not a mis-print or fake news. As this concerns healthcare, I put on my expert hat as founder of Freedom from Obamacare, to explain how President Trump's re-election was saved by the 5th Circuit Court of Appeals.

On December 14, 2018 a Texas Federal Judge ruled Obamacare unconstitutional since there was no longer a tax penalty for not buying insurance and his ruling was that the **ENTIRE Affordable Care Act was unconstitutional.**

While many legal scholars and media pundits called the judge a "NUT JOB," I wrote that the judge's ruling was sound and was also a time bomb for the Republican's.

I wrote, that if the Appeals Court upholds the judge, which they should, then it would be sent to the Supreme Court for a June 2020 decision.

I further wrote:

"Depending on the court rulings and the timelines, this can destroy the Republicans in 2020."

The reason being that if the Supreme Court rules the entire ACA unconstitutional, the media will scare the hell out of the American public, and Republicans including President Trump would lose in 2020.

It appears that conservative judges on the appeals court understand this, and found a way to save the day. They agreed with the lower court that the mandate was now unconstitutional. However, they said they wanted the District Court judge to prepare a FULL analysis on whether or not any parts of the Obamacare law could be salvaged or must the entire law be thrown out?

Translated to English- they punted a big legal question to the lower court, asking for more info, knowing that it would be highly unlikely the Supreme Court would take a case of this magnitude, while the lower court is still gathering information.

In the meantime, Obamacare remains in full force and effect. No one is losing their health insurance. Subsidies and Medicaid remain in place.

It will be very difficult for the media to get anyone riled up about an appeals court ruling that has no immediate effect on their lives.

The fact that no one else has reported this ruling in this way is troubling to me. We lost the 2018 midterms as result of healthcare. I should not be the only person reporting that the appeals court ruling saves the Republican's in 2020.

If Republicans Do Not Learn to Talk about Healthcare..... They Will Lose in 2020

This is the title of my new LIVE weekly webinar which will be FREE to Republican and Conservative leadership, including REC's, state committee, club officers, etc.

The social media pages are being built, and content finalized. The seminar should take 40 minutes, before questions.
