The label “DENIER” is very powerful”

The term ”DENIER” was specifically used for “Holocaust Deniers”

To liberals, a climate change denier is the same as a Holocaust denier.

Big difference... The Holocaust is history and the climate crisis debate is about “what will happen.”

The earth today may be warmer (or not) but California and Florida are not underwater, and no one expects that to happen this year. So we are debating future occurrences.

Next item... The press is upset that Donald Trump gave Rush Limbaugh the Medal of Freedom in Nancy’s House.

The liberal playbook states that Limbaugh must be exposed as a homophobic racist.

Limbaugh asked if Mayor Pete’s public display of affection to his husband will turn off voters?

The MSM has equated this to calling for the repeal of gay marriage.

Question... Don’t we poll and focus group everything?

What color ties? Is a candidate too short to be president? What you think about hairstyles? How quick or slow should they speak to what group? A dress or pantsuit? Political consultants leave nothing to chance.

Why is polling to see if voters may be turned off by the sight of 2 men kissing, not a topic we can ask about? Why?

Do you notice Trump won a major battle with the MSM?

They still paint him as anti-Semitic, but they have given up trying to convince America he is anti-Israel.

Donald Trump’s biggest haters have been forced to admit that he is Israel’s biggest friend in the world if not in history
