Q1) How can Trump possibly win, considering the George Floyd riots?

A1) Assume you are a gun control advocate. By eliminating the police, even the most anti-gun American's will have no choice but to arm themselves. When you see a long line at a gun store, it's mostly Liberals, because Conservatives already have their guns.

A2) Assume you are a real liberal, like Alan Dershowitz. You see the push to remove books, movies, or music that could be considered racist. Do you allow that in your America?

A3) Assume you are a black man whose job was lost due to riots. Do you vote Democrat, promising no safety and no jobs in your area, or do you vote Trump, who created good jobs in the black community, and can do it again with your support.

A4) Assume you are Jewish. You have seen the riots destroy synagogues. You know that BLM is anti-Semitic. If the Democrats win, who will you call to protect you?
