

Talking Trump Supporters Off the Ledge

Every so often we hit a rough news cycle, and we start to get scared.

That's when I write the column to calm YOU down rather than asking questions.

GREAT NEWS – rally was viewed by 15 million Trump supporters. Who cares about 10,000 attendees?

I want to start with this question: "Before the rally.....can you think of anything Trump has done or said in the past 2 weeks?"

The answer is NO. A Trump Golden rule is: **"When your enemies are destroying themselves, do not interfere."**

The robbery and homicide rates exploding in major cities. Tearing down statues of Washington, Jefferson, and Lincoln and Grant (the general that won the Civil War?). Looting and burning of America. Blatant anti-Semitism and racism from the left? This is the Fall campaign in a nutshell.

Now to the Rally.

AOC has no idea how a Trump rally works. There are no reservations. Otherwise you cannot get a million tickets to a 20,000 seat arena. Trump rallies are first-come first-served and usually, no one checks tickets.

So no one was kept out because of teenagers on TIK-TOK.

The crowd outside was huge, and the police and National Guard kept the peace. But the staff doing temperature checks and giving wristbands disappeared. This caused thousands not to get it in.

What are the odds of actually getting into the building?..... At 7:30 AM video was uploaded showing huge crowds at the various entrances. When you see this, you start to calculate and realize if you're not online by 9 AM, you won't get in, and you decide not to go.

Even though doors might open at 3 or 4pm, at some point enough people queue up where you are told anyone behind a certain point will be standing outside. So with the large early crowds and huge number of requested tickets, many people understandably made a last-minute decision not to go.

Getting There..... When people made plans to go, they may not have realized that airline capacity is down by 80%. Getting in and out of Tulsa is difficult. It is not a major hub, so connections could be between 4-8 hours. A major downer.

Also it is reported that Uber was not taking people to the downtown area. No Masks..... I know many of us are on the Libertarian side on the mask issue. However, if you are going to be jammed shoulder to shoulder or nose to head, a mask would be helpful. Photos showing no one wearing masks kept many home.

And don't forget the media telling everyone that if they go to the rally, they will die.

We did get Trump connecting with his supporter's for 2 hours. He was in rare form, in cracking us up with stories including West Point. We needed that. It was viewed 15 million times (8.2 million on Fox News).

The campaign will work out the glitches. POTUS does not have Parkinson's. We will find ways of dealing with aggressive protesters.

And we will have rallies with capacity crowds, while Joe Biden hides in his basement.
