

### **How Many Americans Had to Die for Joe Biden to Win?**

**Why will there never be unity? Because Trump supporters know the truth.**

**The Trump haters did not care the cost, did not care about the damage, they wanted Trump gone at any price.**

**They needed COVID to ravage America. They needed Americans to be scared. And they needed Americans to die.**

**If Americans were afraid to leave their house, then they could expand vote by mail, practically guaranteeing an election win.**

**So working with social media and the mainstream media including the White House Press Corps, the weaponization of COVID began.**

**Donald Trump mentions hydroxychloroquine? Reporters made him sound crazy for saying it.**

**Now, the studies are in, and it is beneficial. Most importantly, unless someone is in the late stages of a very severe COVID illness, the "Hydroxychloroquine Cocktail" cannot hurt.**

**But the cabal, of media and social media could not allow this. They made fun of Trump. They censored any medical professional speaking about the benefits of this cheap treatment. And social media decided they were the gatekeeper for CDC, WHO, NIH and any other agency that made COVID look worse.**

**When Trump mentioned to the DHS Head of Laboratories (not an MD) that they should look into disinfecting techniques of the lungs, the media announced that Trump said "American's should drink bleach."**

**India has a population ONE BILLION people more than the United States. Their hospitals are not on par with us. Many places do not have clean water or toilets. Yet, they have 1/3 (150,000) COVID deaths compared to our 450,000. Why? If you think you have COVID, the motorcycle comes to your a house delivering a cheap drug regimen which has been blocked by U.S.social media and scorned by MSM.**

**And Facebook's Supreme Court just ruled that censoring the French hydroxychloroquine studies was wrong.**

**Because hydroxychloroquine has been censored, I am sure you do not know about Ivermectin, which is having incredible benefits in the early stages of COVID.**

**It may be 100,000 dead Americans. It may be 200,000 dead Americans. These deaths are not the fault of Donald Trump. These deaths are the fault of the conspiracy between social media, MSM, the deep State and the Democrat Party.**

**They are the reason that America's death tolls is so high. How can we unify with people that sacrificed their fellow Americans for political gain?**
