

The GOP Landscape For April

Easy ways for us to explain the failings of the Biden administration.

1) They gave you a check for \$1400 but also handed you an IOU for \$5600. The IOU carries interest.

I do not understand, says the Liberal?

You respond: The package was \$2 trillion. The \$1400 checks totaled \$400 billion.

\$5600 is your share of the package, even if you never received the \$1400 check.

2) GREAT NEWS..... More Americans qualify for free Obamacare health insurance.

The bad news? The insurance still has \$8500 deductible for individual or \$17,000 for a family.

So working people have an insurance card but medical bills have to exceed \$8500 before the insurance covers. This is what Democrats and Liberals are so proud of?

Medicaid on the other hand, which is given to people that do not work, has no cost and no deductibles.

Why do the Democrats insist on screwing working folks? If you mention this on Facebook you may get banned.

This explains why Trump hated Obamacare. It was not fair to working people.

3) In 2020, America proved that socialism does not work. Why don't we talk about it?

Americans on lockdown and unable to go to work or open businesses.. They needed money from the government. President Trump wanted to send them money, but the Democrats, who controlled the House of Representatives did not want Trump to receive any credit. So they blocked Americans from getting any relief from the COVID lockdown. (This was in the summer of 2020)

So the lesson of socialism is not "free healthcare and free education."

The lesson of socialism is: "When you're really dependent on the government, they do what is best for them and they do not give a damn about you."

When a millennial says: "They never did socialism the right way." Point to the summer of 2020 and tell them that there is no right way to enact socialism. If you depend on the government, you will go hungry and if you die they don't care, because you will still vote Democrat.
