What does Liz Cheney being dumped from Republican leadership and Florida celebrating the one year of reopening from Corona shut-down, have in common?

Read on for the answer.

We all know that Liz Cheney is on her way out of the Republican leadership. She is probably talking to the Biden administration about an ambassadorship or something similar so she can leave Congress and save face.

She reads in the New York Times, WAPO, MSNBC etc, telling her that "the election being stolen" is a big lie, and Lizzie-poo wants to believe in truth.

Meanwhile, May 4th is the one year anniversary of Republican Gov. Ron DeSantis defying everyone from Fauci, to the CDC, to the New York Times, to CNN, to YouTube, and he ended the stay-at-home order in Florida and reopened the state. He announced that all the experts were wrong in how to handle the Pandemic. **That was one year ago.**

Many states have not reopened yet, and Florida celebrates one year.

C'mon Alan, Cheney and Florida what's the connection?

Answer me this: Who is responsible for Joe Biden being POTUS right now?

Hint, it is not Joe Biden.

It is your mainstream media and social media combination. It was not election night 2020 that gave Biden the win, it was March and April of 2020.

Here is an April 20, 2020 statement from liberal organizations about the election: **In Expanding Vote by Mail, States Must Maintain In-Person Voting Options During the Coronavirus Pandemic**
<https://gopmadesimple.com/expandinq-vote-mail-states>

2 weeks before Gov. DeSantis following the science, reopens the state of Florida, the MSM and liberal organizations declare in April 2020, that Americans will be taking their life in their hands in the November election if they leave the house to vote.

Reporters standing alone outside wearing masks, calling every Republican event a super spreader, but not George Floyd riots. Reporters asking the most ridiculous questions of either Pres. Trump or Republican governor's in CORONA press conferences.

The media promoted CORONA and censored any information to minimize its danger for the sole purpose of stealing the election.

This was a typical paragraph in the media when DeSantis announced Florida reopening:

"With his self-congratulatory news conferences, DeSantis sparked new debate over the stay-at-home measures in more restrictive states - framing those measures as "draconian" compared to what he views as his more targeted approach. But a number of epidemiologists warned it is too early to jump to conclusions about what kept case numbers lower than expected."

So Ms. Cheney and MSM, the stolen election was NOT widespread voter fraud. It was mass induced panic on the American public forcing a change in the way Americans vote, for the sole purpose of stealing the election.

Here is a simple yes or no question to prove my point:

If the 2020 election was held under the same rules as the 2016 election, who would be occupying the Oval Office right now?

Meanwhile, Gov. DeSantis is a thorn in the side of the media, because he doubled down and exposed their vast left-wing / media conspiracy.

Liz... You followed the wrong science, and your political career is over.

The Trump supporting Republicans will not shed a tear on your departure.
