

## **JUNETEENTH- A Tactical Error by the Democrats**

Usually the Democrat agenda is executed flawlessly by Democrats, when they are in power.

Juneteenth as a national holiday is a huge tactical mistake for them and a big win for us.

We tried to tell people that Republicans freed the slaves, gave Blacks the vote and passed the Civil Rights Laws. Black's respond: "that was so long ago (150 years) and everything has changed.

### **Questions to ask about Juneteenth:**

**1) Why are we not celebrating the Emancipation Proclamation? (January 1, 1863)**

**2) Why are we not celebrating the 13th amendment ending slavery? (Ratified December 6, 1865)**

So why Juneteenth? So they can keep quiet the fact that Republicans ended slavery against Democrat wishes and votes.

This is probably a good time to mention that the KKK was formed by Democrat's to keep black folks in their place. You won't hear about that on Juneteenth either.

Juneteenth celebrates the last of the slaves hearing they were free.

That would be like celebrating woman suffrage, not when it became legal, but when the last woman registered to vote.

**In other words:** Juneteenth is another lie, to keep African-Americans from learning the truth about the history of slavery. But since it is now a holiday, we get to talk about it.
