A sociologist was on CNN and stated that both CNN and Fox news are biased and played to their bases. The difference between CNN viewers and Fox viewers is Fox viewers know that Fox News is biased and we need to do additional research to get the full story.

CNN viewers have no idea that their news is biased.

The New York governor's race may be in play. The new lieutenant governor was forced to resign because of corruption. The corrupt Democrat governor, Andrew Cuomo resigned a year ago. Early April poll had Republican trailing by only 4 points. Republican's have a solid candidate in Lee Zeldin.

Chuck Grassley took my advice: No Repeal of Obamacare. I have been saying since early 2017 that Obamacare is a losing issue for Republicans. Trump would say Obamacare was bad, but never give a reason.

Remember, a \$9000 deductible is not healthcare, but Medicaid gives free healthcare to the lowest income of society. Which is why Obamacare is loved.

Ron DeSantis showing balls of steel. He is going to reduce the number of black congressional districts in Florida, because creating a district that snakes through the entire state for the sole purpose of putting all Blacks in the district, is not legal. He is betting the courts will back him up.

As more states go to a 15 week abortion ban, the rape and incest argument is always made.

My question is: If you are the victim of rape or incest, you would be testing for pregnancy immediately. So why does someone need nine additional weeks to decide to terminate a rapist baby?

if Biden wipes out all student loans, what happens to people applying for a loan the next day? Do they know they will never have to pay it back, or are they the only people in the whole world who will have to pay back the loans? Inquiring minds want to know

The best of Liberalism is often found in the advice columns. A bride wants her mother-in-law to pay half the cost of her wedding, because the mothers-in-laws, husband had an aneurysm and died on the most important day of her life.

NUFF SAID

Shutting down Liberals without wasting time or energy. Liberal writes: "I am glad Biden is cleaning up Trump's mess. It's all Trump's fault." She proceeded to write half a page of narratives.

My response: "Please put some numbers into your statement so we can deal in facts and not emotions." Still waiting for response.

Rather than discuss black on black crime, or absent fathers, black college students tell Candice Owens about the KKK, and we need to do something about them immediately?

Candace asked: "Where are you seeing them?" Never an answer.
