

Do Not Get Sidetracked By Abortion Leak

The abortion leak story will recede after a week, and then we have to go back to POCKET-BOOK ISSUES:

The price of gas.
The price of housing.

Schools sexualizing children at five years old
Government truth ministries
Censorship
The price of food.
Inflation

These are your issues.

I know that these are important in a primary, but if you're in a purple area, stick to the bread and butter issues.

Don't get out ahead of the justices. Let the court rule and handle the leak.

Flew into San Francisco airport. Have not been there in 10 years. Absolutely gorgeous inside. Top-quality furnishings, decorations, functionality desks, free hot water dispensers. How does the City of Tents and hypodermic needles, maintain such a beautiful public facility?

Oh yeah.... You need to purchase a plane ticket and have photo ID to enter. NUFF SAID.

I'm a liberal and you're a fascist. It's that simple. If you're not screaming about the "Truth Ministry" you're a Nazi fascist and there is not a liberal bone in your body.

The ACLU, journalists, editors, teachers have joined the fascist brigade. Do not allow them to call themselves liberal. Call them out at every opportunity.

Remember last year? Why is Amazon not paying taxes when they make so much profit?

First-quarter 2022..... \$4Billion Loss. . Last year \$8 Billion profit.

That's why large companies do not get judged solely on one year.

For those turning age 65 this year and receiving the Medicare card? You just went from "Party All the Time" to "Potty All the Time." Congrats.

Here is where a lot of my readers will get mad at me. I love Donald Trump and he is the best president we ever had. He will also be the worst candidate for Republicans in 2024.

WHY? #1 Neither Biden nor Harris will not be on the ballot. So the only one that will have to defend their C0vid policy is Trump.

#2 Trump's greatest accomplishment, the vaccine which saved tens of millions of lives is regarded as "A poison that does not work" by his most ardent supporters. How can you run, when your own team boos you if you mention the vaccine?

#3 Trump gave us lockdowns. He gave us Fauci. He created the mortgage and foreclosure moratorium as well as the student loan moratorium. Sorry.... Those are the facts.

#4 Presidents are judged by their record on their last day in office, and how it compares to the first day in office. Trump can try to sell his numbers for his first three years pre-C0vid, but at the end of the day either Election Day 2020 or Inauguration Day 2021 are the numbers that will be associated with the president.

Of course if there is a way to make him president today, I am all for it.

ARE YOU INVOLVED IN GROUP HEALTH INSURANCE DECISIONS?

With Biden-Inflation, we know employee health insurance costs will explode in the next few years.

A 3-5 year strategy can guarantee better care and price decreases over the next few years instead of increases.
