

Exposing AARP®s Stealth Business Model

Most Republicans and Conservatives tell you they would never join AARP® because that organization supports every cause that we are against.

Would you be surprised to learn that many seniors who would never give AARP® \$1 are causing \$500 to be donated every year to AARP® in their name?

Alan... What are you talking about? We do not support AARP®

When you choose certain Medicare plans, even if you do not write a check directly to those plans, you cause a licensing fee or endorsement fee to be sent to AARP®.

With this money, this organization that claims to speak for America's seniors, and lobbies for:

- Socialized medicine*
- Low income housing in wealthier communities*
- Climate change increases disease*
- Vote by mail*
- Forced testing and masking*
- AND MORE**

Which companies are these? Since I am a licensed insurance agent, federal regulations prohibit me from using individual insurance company names in a forum like this. If you contact me directly, then I'll be able to give you this information.

Be aware that over \$4 billion has passed to AARP® this way.

Where would the country and the world be today if not for Republican governors such as: DeSantis, Noem and Abbott leading the way on COVID?

We would still be locked down, with schools closed, and unemployment that would make the 1929 Depression: **"The good old days."**

Because we believe in the 10th amendment, U.S. governors have enormous power unlike other countries. And they exercised this power to prove the federal government wrong.

This shows the world that they were all wrong about their COVID response.

Remember one month into the COVID lockdown, the Mayor of Jacksonville Florida, opened the beaches, and the media descended on Jacksonville to record thousands of people dying as they strolled on the sand.

And of course, nobody got COVID from walking on the beach.

Thank you Republican Governors.

GOP Messaging: Don't Talk Tax Cuts

This is a biggie. There are no W-2 employees, who can tell you how much they paid in taxes last year.

They will tell you how much their refund was, but they are not able to tell you how much Uncle Sam kept?

Candidates Stop using the term "Tax Cuts" and start Using: **"Larger Paychecks and Smaller Paychecks."** IT'S THAT SIMPLE.

When you hear congressional candidates are knocking on doors, that means they are in trouble.

Municipal candidates yes. State house seats yes. Precinct captains definitely.

Congressional candidates have 450,000 voters in the district? There is no math where a candidate can knock on enough doors to make a difference. Of course you have to knock on some doors for symbolic media exposure.

If you are urban... Stand at the train station or bus stop. Rural/suburban: parks, malls and community events

if you have a team- they should knock on doors. Your time is too valuable.... And if your time is not valuable, then your candidacy is not viable,
