(Note- we are sending out on Wednesday as Tuesday was Florida primary)

The recall petition drive for the DA for LA County in August 2022, the Board of Elections tossed 27% of the ballots. In the 2020 presidential election they tossed less than 1% of the ballots. This proves that voters are irrelevant, while the vote-counters control the election.

To Win in November We Need Simple Messaging:

- The economy is still very bad.
- 90-year-old retirees are forced to go back to work.
- The Democrats passed an inflation bill in one week that reduces drug prices in 2025.
- Minnesota school districts firing white people first.
- Red States thrive while Blue States die.
- Men don't get pregnant.

Florida Democrat Jewish leaders pushing Gov. DeSantis not to meet with the Pennsylvania Republican gubernatorial candidate. They claim he said something anti-Semitic.

DeSantis will not fall for this because the entire Democratic Party has become a safe space for anti-Semitism.

Now that the primaries are over and we are into election season, the dumbest thing I heard said was: "Just have to make it through the primary, the general election will be easy."

Everybody thinks their race is AOC. Especially when running against an entrenched Democrat incumbents.

Democrat on social media:

"Trump can't declassify something because he said so... There is a procedure"

Me: "Okay what statute details the procedure for the president to declassify something? **STILL WAITING.**"
