Please explain parents that give their babies new baby foods 3 days apart, but can't wait to give them an experimental vaccine that has no evidence of benefits for children.

If you start a conversation about the price of food in the supermarket, the conversation will immediately turn to Joe Biden.

Last week the Democrats pissed off the Muslims due to LGBTQ in schools. This week they pissed off the homeless, who noticed in New York City, illegals have a clean place with cots and pillows along with foosball tables, Xbox, coffee and tea.

If the Blacks and the Jews turn. The Dems will only have college students and teachers.

How times have changed?

Listening to: "Blowing in the Wind" by Peter Paul and Mary. "How many deaths will it take till he knows that too many people have died?..."

Today Conservatives try to avoid war while Liberals support war.

Reminder of why it is so hard to beat an incumbent.

Florida Gov. DeSantis has made available \$5 million for low and moderate income Floridians to cover the cost of the deductibles from the recent hurricane.

The Democrat opponent can do nothing to stop this action, that brings low and middle income people into the DeSantis fold.

During the debates, Democrats would argue that 15 week abortion laws are barbaric.

A good responses: "When Roe was created in 1973 ultrasound capability and the ability to keep severely premature infants alive was nowhere near today's technology.

Denying the advance in technology is barbaric. The court used "viability" in its decision, and that has changed greatly as result of technology.

Democrats are very split over Ukraine. The squad and others want Biden to end the war. They recalled the letter that they wrote because it showed the fracture in the Democrat party.

Republicans win when they get Donald Trump off the front page and put Joe Biden on the front page.

Mar-A-Lago has been quiet so the media focuses on Biden and Republican candidates are pulling away.

Alan's Rule: Never look at a poll in August. October is when it starts getting real.

Medicare annual enrollment period ends December 7th. Did you know that there is a window from January until March when you can change a Medicare Advantage plan or your prescription drug plan. This is federal law.

Insurance agents are prohibited from advertising or mentioning this option during this period. Imagine a system where we have a right to do something that affects your life, but the licensed professionals are blocked from passing on this information.

Only in America.

Medicare Open Enrollment Is in Full Swing

Until December 7, you can make changes to Medicare plans, go back to original Medicare, or choose a new plan.

I am able to help seniors across the United States.

This year the insurance companies are very competitive so let me help you make smart decisions.

Also with inflation eating away your budget and nest egg, what was a good strategy last year may not be a good strategy for next year.
