

Why Are You Surprised Democrats Are Turning on Biden?

The Democrats do not believe they can with Biden at the top, but they do not want to primary him. It will look disloyal.

Remember what I wrote about the Hershhal Walker run-off? If Hershhal wins making the Senate 50-50, they won't push Biden out because they need Kamala to break the tie as VP.

With a 51-49 Senate they do not need the tiebreaker, so the VP could become president and the Senate will still have a Democrat majority, which is crucial for confirmation.

To replace the VP, requires majority vote of both houses, and the Republican Congress will not approve a Democrat VP.

Do not expect the Senate to convict Joe Biden if he is impeached by the House. Rather he will be pressured out like Nixon was. At every step of attacking Biden, the Democrats will also take a swing at President Trump.

If you have to explain the difference, you already have a problem.

I can't believe Republicans cannot explain the difference easily between Trump and Biden. Donald Trump putting a classified document while he is president into a box to send to Mar-A-Lago so he has access to it after his term expires declassifies the document. It's that simple.

There is no section of the United States code that says what the president must do to declassify documents. If someone wishes to argue, ask them to point to the section of the code.

It's that simple.

Stop getting excited about meaningless House votes. The house votes to defund 80,000 IRS agents. It has the same effect as the House voting to make me King of the World. It has no effect.

Unless the Senate votes it and the president signs it, it is a meaningless piece of paper. Similar to student loans, which did not pass Congress.

Folks, our people are supposed to be smarter. Tell your Congressman to stop celebrating NOTHING!!!

There are a lot of reports coming from Brazil, making a riot look like January 6th. The difference in Brazil, is the corruption comes from the Supreme Court especially the Chief Judge. He acts like a biased prosecutor and not a judge.

I'm still waiting for someone to explain how Trump's candidacy is not affected by the revelations of the dangers of the Trump vaccine?

My friends get mad at me for saying it, but they don't have an answer.

When some MSM reporter has an epiphany and writes that we have overestimated COVID deaths, because we are counting people that died with COVID and not those that died because they had COVID, do you find yourself yelling at your computer screen or TV?

Hey dummy, where were you three (3) years ago when we wrote this. We were the crazy people and you were the enlightened.

You laughed at us, even as your loved ones were dying, while our people used fairytales that did not work such as ivermectin or hydroxychloroquine following the protocols of physicians who kept patients out of hospitals. If you would admit that you were wrong and we were right, this country could heal and improve healthcare.

But you can't admit it because you play politics with people's lives, while denying it at every opportunity.
