Does Donald Trump really think telling Floridians that Florida is not a great state to live in, is getting him voters? Housing is sky high because people come from all over the country to the greatest state in the country with the greatest governor.

Donald Trump going after DeSantis and attacking Florida is NOT smart. We know Biden is not there. We now have to keep an eye on Pres. Trump?

Tonight Israel celebrates its **75th** birthday. I recall my mother telling the story she heard when the concentration camp was liberated. An old Rabbi was being carried out. He said in Yiddish (Jewish, language) "listen my children. It is written: "Out of the graves of bones will come the land of Israel.""

Mazel Tov to 75 years of Jews having a safe space.

Who is better for Israel? Trump or Biden?

Under Trump Saudi Arabia was going to have diplomatic relations with Israel. Under Biden, Saudi Arabia re-instituted diplomatic relations with Iran.

Reddit reports a father had twins. A boy and a girl.

He gave them both money in equal amounts. The daughter invested wisely and his son spent frivolously.

The daughter using her money chose her preferred college, but the son cannot afford his choice, so he asked dad for more money and dad refused.

The Internet says the father is wrong. Alan says the father is right. The son can still go to college, but not his first choice. Just giving him more money means he will blow it This shows that discipline and hard work pay off.

Liberals are going nuts. Florida passed a law that children cannot go to adult performances with certain sexual themes. How dare they?

This has never been done before scream the Liberals

As a teenager, we went to the Catskill Mountains in upstate New York. There was always a late show with a stripper. No one under 18 allowed.

Quite simple, and 50 years ago. But Liberals say that these rules were just invented.

I told you Bud Light would have to get rid of their VP of Marketing. She was the problem. Dylan Mulvaney is not why we are boycotting. We are boycotting a corporate culture that hates its customers...US.

Keep up the good work. Anyone for a Coors Light?

I'll be leaving next week on a cruise that will take me to Israel. I am excited about being in the Holy Land during the **75th** anniversary year. I was in Israel during the **50th** and **60th** anniversary years.

Due to my traveling I do not know the next time I'll be able to put out a column to my readers. So if you do not hear from me for a few weeks, do not worry. I will be in the land of Milk and Honey that was built from the ashes of the 6 million slaughtered.

Ron DeSantis is taking jabs at Trump in a very effective way. He is reminding America that early Covid strategy had Trump closing down the country. Trump also opposed Republican governors like Brian Kemp who wanted to immediately reopen their states.

Trump's handling of COVID and the fact that half of his strongest supporters consider the vaccine poison and a mistake to bring to market so quickly makes the Trump campaign very difficult.

United States is becoming fascist like Canada. A preacher in Oklahoma was ordered not to cite Bible verses that are anti-LGBTQ, and will be placed in jail if he violates the order.

Seems totally unconstitutional. Let's see what the courts say.
