

## Who is Disloyal? Trump or DeSantis?

By: Alan J. Huber CFP®

Back from a cruise to Israel. I will put out a special Thursday edition with brief discussion about Israel.

To those that say DeSantis should wait his turn.....He Did. He was always supposed to run in 2024. Trump was not supposed to lose 2020. Trump messed the timeline not DeSantis.

**Now we hear:** “ DeSantis is not being loyal.”

DeSantis was loyal. He delivered the State of Florida for Trump in 2020, by removing the Supervisors of Elections in Broward and Palm Beach County. Trump won Florida, while most of the swing state governors lost.

Since election day 2020, I told you that DeSantis was going to run. You can bet the bank. Turned out I am right.

**Alan.....** DeSantis is so far down in the polls.

DeSantis has a pattern. When he is building and fixing, his numbers crash. Then he is proven right, and his number soar.

7/23/2020 because he reopened Florida in April: **41%** approve / **52%** Disapprove

9/2021 DeSantis' Net Approval Rating Drops 14 Points Amid Covid Spike.

July 2021: **38%** Independents disapprove. Late Aug. 2021: **51%** Disapprove.

**Nov 2022:** Wins by 20 points.

### Who is MAGA?

Everyone that supported Trump in 2016 and 2020 is MAGA. How do we differentiate the Trump supporters whose sole goal in life is to make up for the stolen election of 2020 by nominating Trump at any cost?

I will name them “**MAGA2020**”. This differentiator will become very important in the next few months.

DeSantis' Twitter launch was a disaster. However, there are worse things in the world than having Elon Musk owe you BIGLEY!!.

DeSantis has a very unusual path. He does not need to beat Trump. He needs for Republican's to believe that he CAN beat Trump.

If DeSantis makes the case that he can beat Trump, there will be a significant change in polling.

Many that want DeSantis, will not shift their support because looking at the polling and the media they have been told Trump is unbeatable.

Reverse the perception and everything changes.

Democrats have a major advantage in 2024. The DNC is after the RNC. They can see who is the Republican nominee, and then draft a change at their convention.

If Trump does not make an unbiased assessment of why he lost in 2020 he will go down in flames and bring the party down with him if he is the nominee.

“**They cheated,**” is not enough. What did Trump do wrong? If you are MAGA 2020 and cannot answer this question, you are part of the problem.

Why does the NAACP publish a warning about travel to Florida? Because DeSantis gave us school choice. The state gives money to black parents (actually all parents) to send their children to good schools of their choosing. Once black children go to good schools and get a REAL education, they are no longer dependent on the race baiters who try to keep them down at every step of the way.

This is just starting to show. It will be a while before it is commonplace.

The MAGA 2020 crowd is attacking DeSantis supporters. They are saying that under no circumstances will they support DeSantis if he wins the nomination so we have no choice but to support Trump.

Now you're starting to see the DeSantis supporters responding by saying that they will vote against Trump if he gets the nomination. This has nothing to do with candidates. This is supporters getting into a pissing contest.

If Trump supporters do not promise to support the nominee, there will be hell to pay and Democrats will take it all.

**Final Question:** if Trump wins, but does not have majorities in House and Senate, what do you expect him to accomplish?
