

The Beginning of the End for Biden

The White House Press Corps has finally picked up the scent of Hunter being the bagman for Joe Biden: **“The Big Guy.”**

Biden's incompetent Press Secretary will not answer questions about: whistleblowers, Hunter's plea deal, or Biden being in the room when Hunter was shaking down companies for cash.

Why is this happening? Who woke the Press Corp?

It is been my position that neither Trump nor Biden will be on the 2024 ballot.

When Biden fell at the Air Force Academy every Democrat behind closed doors was saying: **“We have to pull the plug on this guy. He cannot make it through an election cycle.”**

Biden will not be able to stop the dam from bursting, and he will either drop out of 2024 and allow an open primary, or there will be a bipartisan impeachment or 25th amendment action.

If Biden drops out, that makes it easy for Trump. So says the Trump supporters.

This is a fallacy. Trump and Biden are both so deeply vulnerable, that most mainstream candidates can beat them in the general election. **Primary?....different story.**

A big reason is the handling of COVID. Trump and Biden have to defend their records and in hindsight this will be difficult.

Trump will try to talk about how great things were during his presidency. However, in January 2021 America was an economic mess due to the shutdown.

If you Google: Trump economic results....It takes you to January 2021

Lost 2.9 million jobs.
Unemployment increased 1.6 points to 6.3%.
Trade deficit increased 40.5%
National debt increased from \$14.4 trillion to \$21.6 trillion
Murder rate rose to highest level since 1997

I submit that Donald Trump has already lost 2024.

But Alan..... what about the polls? The polls do not deal with the peculiarities of the electoral system. There is no model where Trump can reach 270 without winning Florida.

In 2020 Trump received 51.2% of the vote in Florida.

In the next few days the voter registration advantage of the Republican Party in Florida versus Democratic Party will reach 500,000. This should be helpful to Trump.

In 2018 the Democrats had a 250,000 voter advantage in Florida. DeSantis was elected governor in 2018. That means there was a 750,000 voter switch from Democrat to Republican because of Gov. DeSantis.

Trump is running ads calling DeSantis: **“Lockdown Ron”** and saying DeSantis locked down Florida.

DeSantis won Florida by 60%, because we were grateful how he handled COVID in this state. Trump has pissed off enough voters that he can no longer win the state of Florida.

Many Trump supporters are saying that due to Trump's attacks on DeSantis, they will not support Trump if he gets nomination.

This will not show up in the polls yet, but remember the margin of error is generally 3%.

The Democrats can win the entire election by spending \$10 million in Florida targeting DeSantis voters.

Sample ad: During COVID, Gov. DeSantis led the nation in reopening Florida and reinstating a normal way of life. Donald Trump is attacking Gov. DeSantis and lying about his record. Don't let Donald Trump lie about our governor. Show Donald he can't dump on Florida and expect us to vote for him.

Paid for by Floridians for Truth. Not affiliated with any candidate.

\$10 million can sway 1.2%

Remember: 537 Florida votes decided the 2000 election for the entire country.

Every time I ask for a path to 270 for Trump, I hear that he starts with 74 million votes and if we just cut down the Democrat cheating we win.

Let's see if anything changed? My first Trump rally, he was a candidate and it was great.

But it was nothing compared to my first rally with Donald Trump as president.

I stood only 50 feet away from the President of United States. An incredible feeling, that will not be matched by seeing candidate Trump again.

I live near Palm Beach airport. Trump's plane is a common occurrence, but Air Force One, has a much different energy to it. Awe and reverence come to mind.

When President Trump spoke, it was covered by the world press in real time. Candidate Trump will not have the same microphone.

Most important his legal troubles make it hard to defend. When he was impeached our response was **“Trump did nothing wrong.”**

With his current legal obstacles, we claim: Expired statute of limitations. It was 30 years ago. Or, everybody else has classified documents.

We do not make the case that Trump is **“INNOCENT.”** Not exactly Soccer Mom friendly.
