

A Big Difference between 2020 and 2024 Republicans

By: Alan J. Huber CFP®

I spent the weekend poking a Pro-Trump Facebook group. The thread said that the **federal indictment is nothing but allegations with no evidence to back it up.**

I will not repeat the back-and-forth because it will take a lot of time to read. I found it interesting that of the 25-35 different people responding to my facts and questions, there was a lack of understanding of the basic facts and issues especially when discussing electability. Many had no clue what 270 signified.

The common theme was: "They stole 2020. 2024 will be a fair election and we will win."

In 2020 every Trump supporter could tell you what Trump accomplished, and what he will accomplish in his 2nd term. Today, they exhibit great enthusiasm and anger, but no fact-basis.

What changed? My answer is: "The loss of Rush Limbaugh."

2020, Rush was still behind the EIB microphone explaining the situation to his 25 million plus listeners in a way only Rush could do.

We cannot replace Rush Limbaugh, and no one on the air comes close to his audience size or his ability to explain issues.

So what can we do? Every Republican club, and local party organization should host mock debates. Have the members be Trump, DeSantis, Ramaswamy, Haley etc and let them go at it with questions from moderators and questions from the audience.

The activists must be able to explain the political issues, including making the case if you believe that Democrats and Independents will vote for Donald Trump as he campaigns between court houses. Being a supporter of Trump, DeSantis, Haley etc. is not enough.... You must be able to advocate for them in the face of opposition.

Don't complain that the DOJ dumped additional Trump charges to derail the Hunter Biden guilty plea story. Remember, Trump dumped his indictment news to derail the Jake Tapper interview with Ron DeSantis

Fair is Fair

2024 Matchup: "The Infinite Defendant" vs "The Incontinent Corpse"

Interesting Meme:

Everyone thinks they would be Oskar Schindler if they lived in Nazi Germany. History proves that most people would support the Nazis.

Tell that to your Democrat friends

I have had some readers say that the Supeme Court could not overturn

Dobbs without doing severe

damage to it's credibility and

causing a Civil War.

Let me show how easy it can be done. It does not even take two judges to shift the court. Only one, because the Chief Judge did not sign onto the Dobbs reasoning. Roberts wanted to stick with the viability argument.

So an opinion could look like this:

"The Dobbs Court overstepped in ruling that abortion is not a federal question, to answer issues posed by Mississippi, when a narrower ruling would have served the issues in that case.

Therefore this court clarifies Dobbs by stating that Congress still has the power to regulate abortion should it choose.

Decision 5-4

That's it.... the average American

will not even protest. In politics

nothing is guaranteed long term.

Always remember that.

If Trump does not show to the debate, viewership will be minimal.

The opportunity for many American's to hear about the Joe Biden scandal will not occur because Donald Trump will put his interest ahead of the countries.

Trump's appearance can guarantee that huge swaths of the American public will finally learn about the Biden crime family and the Big Guy getting his cut.

Also, if he does not show, expect that no DEM will debate Trump in the fall of 2024.

If Trump wins the election there is a good chance he goes to prison anyway. The Democrats will have the House and Senate and he will be impeached.

The DEMs will make the rules for the Senate trial, and enough Republican Senators so hate Trump that they would vote to remove him from office, finally ridding them of Trump. Since the Republican VP will become POTUS, they don't lose anything. Senators hate him because they feel he cost us the Senate in 2022.

Trump supporters believe that the Democrats are deathly afraid of Trump running. They fail to realize that the DEMs have solved their problem. They so damaged Trump with the legal issues, they are no longer afraid of him running. In fact, they are doing everything possible to make him our nominee.

A Marist Poll shows a significant drop in the number Republicans who say: "Trump did nothing wrong" as regards to his legal cases. It was 9% drop in one month. This drop may not yet be reflected in Republican voter preference polls. These polls will lag until we get closer to primary season.
