

Do You People Enjoy Losing?

By: Alan J. Huber CFP®

I did not put out a column last week because we were all trying to figure out what the real news was. This week I can comment.

Eight (8) Republicans running for Speaker. What is the path for picking a winner?

As a Jew, shocked by what happened in Israel, and as Republican, it is embarrassing that Joe Biden is providing leadership while Republicans are providing a clown car.

Biden's words are weak, but the Republican Party is not speaking with one voice, and we will be voting again and again on a Speaker, instead of blocking humanitarian aid to Gaza which is a payoff to Hamas.

Someone please tell me why I should support the Republican Party?

Don't choose the one you think will be the best president. Choose the one who has the best chance of winning. I promise, any Republican that can win will be an excellent president.

in 2002 I left the Republican Party because we pushed out Senate Majority Leader Trent Lott, because he said some nice things about 100-year-old Strom Thurmond. I didn't want to be part of a party that blows itself up while Democrats get away with murder.

Many Republicans looking at the House Speaker contest are thinking about leaving the party because they cannot stomach such incompetence brought on by ego and stupidity.

A meme stating that we need to get Rashida Tlaib out of office received the following comment from me.

How do you expect to do this? We don't even have a Speaker of the House. Maybe it's time to weigh in on the battles we have some control over. I suggest pushing for a House Speaker, even one that is not the dream of Conservatives.

We need a speaker, and the reality is with 5 votes in the House and a Senate and White House controlled by Democrats, every Speaker will wind up in exactly the same boat. Cutting bad deals.

If you don't want that, I suggest we worry about winning elections.

You think Donald Trump has all the support? Joe Biden has raised more money than all Republicans combined. Do you think that the coffers will open for Trump with the way he is attacking Republicans?

I am beside myself that our voters hold out as heroes, do-nothing congress-people, who tell you what you want to hear and accomplish nothing.

What does it mean to accomplish something? Passing legislation that is signed into law. Resolutions, petitions, floor votes are all meaningless unless they are signed into law. Learn this..... it will change the way you think about politics

If you cannot explain how to get Donald Trump as a criminal defendant elected, then the blood will be on your hands when the terrorist attacks come.

Anyone that thinks that Trump's lawyers taking pleas will help Trump is insane. The prosecution gives you a plea deal in return for testimony that will help the prosecution. When your lawyers are taking plea deals, your chance of going to jail increases significantly. Do you think that Sidney Powell would take a plea if she had defenses that could win in court?

When you see the woke woman screaming: "Rape Culture" tell them that they support rape culture as well as beheading babies. Call them killer fascists and that they support killing LBGTQ+.

The House Speaker's race is a predictor of the 2024 election. A lot of enthusiasm and no plan.

We only need 5 votes to get rid of McCarthy. 2024 version: Donald Trump will win the primary easily

And then what? Pushing out McCarthy without a plan has proven to be a disaster. Nominating Trump without a plan to win while he is on trial is a double disaster. Again after 5 months someone please tell me how Donald Trump wins with all the issues facing him. Agreed it is not fair. Problem is that it is a fact

Alan' Meme of the Week: Hamas has announced that they will no longer throw LBGTQ+ people off of tall buildings. The spokesman said there are no tall buildings left.
