

## **I Am Embarrassed to Be Republican**

I have not written a column in the past few weeks, quite simply because I am dejected by the clown show called the Republican Party.

With Liberal Jews being afraid for their lives and donors running away from the major universities we could be flipping New York State. Instead we have Republicans like Chip Roy asking: What has the Republican Party done that we can run on?

Besides Congressmen and Senators looking for fistfights, the great and wonderful new Speaker of the House passes the same CR deal that the previous Speaker passed with the help of Democrats.

The entire party is in favor of funding aid to Israel, but our geniuses decided it was a great time to offset the money by defunding the IRS. By itself, it's not a bad idea, but the Senate will not go along with it, so Israel funding is stalled.

But that's okay, we can point to a meaningless resolution that passed the House supporting Israel. Wow, do we know how to govern!!

Orthodox Jews who support Donald Trump by 90% were inflamed after October 7<sup>th</sup> when Trump made some crazy speech about Netanyahu, instead of Hamas.

Last week Tik-Tok was trending : "Osama bin Laden was right." Instead of appearing on every talk show in New York City, where every person was affected by 9/11, Donald Trump was talking about gag orders and unfair judges.

The federal judge in the January 6<sup>th</sup> case has denied Trump's motions to limit how the prosecution characterizes January 6<sup>th</sup>. Trump has a zero chance of acquittal, maybe 15% of DC hung jury, but very good chance the United States Supreme Court will overturn his conviction in 2027.

All these polls that show Trump ahead of Biden? Each one says: If Trump is convicted they will change their vote.

Want to drive the pro-Palestinian people crazy? Ask them one question: "Where did the Israeli-Arabs come from?"

Why is it so powerful? Israeli-Arabs have full citizenship and full rights in Israel. So why them and not the Palestinians? Do some research. We will discuss this next week, but start asking this question. It blows young minds full of mush.

It's so great that Trump is ahead of Biden in many polls. The Democrats are getting closer to their goal of making Donald Trump the Republican nominee.

For an indication of how this will look in November 2024, before asking how someone will vote, they should spend 30 minutes listening to

a recording of how bad and evil Donald Trump is, followed by 30 minutes of how wonderful Joe Biden is. Then ask them how they will vote?

Why this exercise? Because that is exactly what will be happening in 2024 with the ads and MSM spin and the media coverage of the criminal case, not to mention everything else that America will be exposed to between the date Trump becomes the nominee and Election Day.

Why are the liberal Jews who are going to pro-Israel rallies unafraid of the White Supremacists? Weren't we told that these Supremacists are the greatest threat to democracy and safety in America?

Perhaps they just realized that the 12 White Supremacists aren't the problem, the Hamas sympathizers are.

I have been asked why I hate Donald Trump? I love Donald Trump. It is the 3X Trump supporter that I am extremely angry at. Not because you support Trump, but because you cannot answer a simple question about campaign strategy.

I asked how does Trump raise money for himself and down ballot while he is in courtrooms for six (6) straight months, and the response is: "Trump, Trump, Trump, Trump, Trump, Trump."

Why is Trump's lawyer out there doing press conferences about a biased judge on a bench trial? There is no jury to sway.

So this takes away airtime, and nothing about Trump on election issues.

9/11 happened because Americans believed that no one wants to die, they just want to be heard. We were too arrogant to understand that many people do not think the way we do. Israel told us to close the cockpit doors, but we did not believe them. Bring the nice hijacker to the cockpit. Introduce him to the captain, and we will be in Havana in 3 hours. That was the US policy, and that allowed 9/11 to happen.

And dumb Americans still think like that. They're just like us. They just want to be heard and no one wants to die needlessly. Maybe America will finally wake up.

When someone chants: "From the river to the sea, Palestine will soon be free," translate it for them: "From the river to the sea, Israel will be Jew free."

End with: "Thank you for admitting that you are a Nazi fascist."
