

Iran Finally Killed American Service Members

Donald Trump was totally on target condemning Joe Biden for the loss of American servicemen by Iranian henchmen.

This never would've happened under Trump.

Then Trump showed his incompetence by saying "blame me for Congress not getting the border deal." That plays really bad in the press. All Trump has to say is: "I successfully shut the border using existing legislation, and Joe Biden can do the same, except he and the Democrats want illegals and terrorists to flood America."

Remember... If Trump plays smart, he wins the presidency and if he plays stupid he loses.

New Jersey instituted a ban on plastic bags. The result? Plastic bag usage tripled because the reusable bags use much more plastic than the single use bags and people forget their reusable bags at home and every time they go shopping they buy more bags.

These do-gooder ideas never work in real life.

Since 1892, immigrants cannot come to the United States and access government programs.

Obamacare allowed and even mandated immigrants to access health insurance subsidies and Medicaid. The result is that many immigrants feel entitled to free health insurance.

I have seen people scream because they have to pay \$10 month for Medicare, when most Americans pay \$175. This is not bringing in people that will give to America. This is bringing people that will take from America and in the end destroys the fabric of America.

When arguing with Democrats keep it simple: "You voted for Biden? You have blood on your hands."

All the bad stuff in the world did not happen when Trump was in the Oval Office.

Are we surprised that employees of United Nations Relief and Works Agency participated in the October 7th massacre in Israel?

The United Nations is a collection of the world's leading anti-Semites.
