

Will 2024 Be RED or BLUE?

By: Alan J. Huber CFP®

Wishing everyone a Happy New Year.

Alan's Meme for the Year:

How can a 13-year-old choose their own sex, but not consent to having sex?

I don't get it? Texas fired a sex-ed teacher because she was a convicted prostitute.

This could be the first time a teacher was truly qualified to teach a course?

On a long Princess cruise, I do two things I normally would not do.

1) Watch old episodes of The Love Boat. It is my guilty pleasure. Another show you could not make today.

2) Tune into MSNBC. It never changes. Within 1 minute I am yelling at the screen about how dumb the personnel and the guests are. The longer you watch the less you know.

It looks like Nikki Haley is pushing out Ron DeSantis. As much as I like DeSantis's track record, he signed a 6 week abortion bill and never explained to Floridians why he had no choice but to run for president.

DeSantis believed that the six-week bill would get him the Trump vote, but as I predicted, all it did was make him weaker for the general election.

Donald Trump agreed with me that neither Biden nor Harris will be the nominee for the Dems.

However, I am changing my position. I no longer believe Joe Biden will be pushed off the ballot.

I think this was the game plan all along, but October 7th shows the split in the Democratic Party, and this split cannot be repaired. Therefore there will be no agreement if they try to replace Biden on the ballot, which would guarantee losses at all levels of the ticket for Democrats.

The fact is the Democrats are split about 50/50 over Israel issue.

While the Colorado case is used by Democrats to say that democracy hangs in the balance, we need to use Colorado to say that America hangs in the balance.

If the Colorado decision is allowed to stand (which it will not) then both parties will call candidates insurrectionist, and then pass laws that make someone an insurrectionist and keep them off the ballot.

Example: "Joe Biden is an insurrectionist because he supported the invasion of the United States across the southern border." Prove me wrong?

It's fun to watch MSNBC and CNN tell the audience how great the economy is,

while the audience cannot afford to buy milk. No amount of advertising will convince people that are doing well, when they are not.

The media is going to the well too many times on Trump is Hitler and his speeches are Hitleresque.

Liberals would have more credibility if protesters were not screaming: "Gas the Jews."

On cruise ships I speak with regular Republicans and not party activists.

100% of regular Republicans wish that Donald Trump would just shut his mouth. The party activists think his commenting is a good thing.

HAMAS is claiming 20,000 dead, but Israel is saying they have neutralized 8000 Hamas terrorists.

This is an incredible precision operation to minimize civilian casualties. Ask your liberal what they think a good ratio is between death of civilians and death of terrorists.

Then ask them to define a civilian?

How insane has the Left become? 8th grade mom writes to a Dear Abby type, that her daughter came out as lesbian, and everyone in the school is on her case because she did not come out as trans.

Donald Trump's Christmas rant attacked everyone persecuting him. While he is 100% correct, he is proving that he's a horrible candidate. The voters want to know what Trump is going to do for them, They already know what the Democrats are doing to him.

Why did the October 7th massacre happen in Israel?

Because 75 years after the Holocaust, Jews in Israel forgot an important lesson. "Jews need to be armed."

The Warsaw Ghetto Uprising: A handful of starving Jews with old guns, kept the German army at bay for 30 days. Hitler thought it would take only 3 days to extinguish The Ghetto.

My brother Stuart is named for my grandfather's brother, Uncle Zurich, one of the leaders of the Warsaw Ghetto Uprising. May their memories and actions be a reminder for all time.

Liberal Jews are anti-Second Amendment. Ask about the Warsaw Ghetto Uprising and October 7th.

As I predicted The Harvard President resigned because of plagiarism. Genocide of Jews is still OK

Alan's Meme of the Week

At this time of year remember: HO HO HO, accurately describes the Vice President of the United States.
