We're not going to have a majority in Congress at this rate

Matt Gaetz and the Republicans that went with him really screwed us. Getting rid of McCarthy and Matt Santos big mistake.

Another Republican giving up a seat and then Mike Gallagher resigns further reducing our majority. Then Marjorie Taylor Green puts in a vacate motion for The Speaker.

The only thing dumber than a Democrat is a dumb Republican, and we have plenty of them.

Trump will have the money for the bond. He always plays the game, but at the last minute he would be OK. Fortunately, the appeals court has given him a big break and also allowed Trump to remain on boards.

The appeals court ruled that Donald Trump only needs to post \$175 Million dollars. This is a really good sign, because it means that they're going to do something at the first level of appeals when they finally hear the appeal.

Valimir Putin said the United States warning about Russia was disinformation, and then the terrorist attack by Isis K happened and Russia lost about 130 people.

Of course Putin is still blaming Ukraine.

California leads the country in slowest growth. California has a 5.3% unemployment rate. But hey, they're doing great over there.

Kamala Harris is threatening Israel not to raid Rafah. Why? She read a map.

The US did not veto a UN resolution that forces Israel to give a cease fire and doesn't force HAMAS to let go of the hostages. With friends like this, we don't need enemies.

Israel needs to tell Joe Biden that they have to go into Rafah without US help, a lot more people going to die because the US is not going to give them money to prolong the war. Therefore, they have to go in fast and hard and not worry about who dies.

This will be on Joe Biden.

I didn't want to see the pier be built in Gaza, but If they expect Israel to build the pier, the US has to pay for it, otherwise there is no way Israel builds the pier.

Michigan is offering \$500 to people that take in illegals. Doesn't sound like a good deal.

Does Joe Biden realize that Hamas still holds American hostages. That should be his number one priority.

A poll out says Trump would win, even if he's convicted in the documents case, because it is politically motivated and everybody knows Joe Biden's done worse.

Condolences to those people lost in the Francis Scott Key bridge incident. There is no question this is not terrorism. It's just a freak accident.

By the way, Israel is having enormous success killing HAMAS on their way to Rafah.

Nicole Shanahan is RFK's pick as VP. This would usually not be remarkable, but she brings a lot of money to the table. This gives RFK credibility, and further hurts Joe Biden
