

## **I TOLD YOU SO**

By: Alan J. Huber CFP®

I normally have been against rallies. Trump got beat by Biden in 2020 and Biden had no one show up at his rallies. The rally in the Bronx was something different, because it was in a blue city and 25,000 people showed up when they were expecting 3,500 people. More rallies like that would be helpful

The rallies worked in 2016 because they were new. Will they work in 2024? I don't know, but at least in the month of June as many rallies as possible would be great.

Spain, Ireland and Norway are recognizing the Palestinian state. They do not know where the borders are, or who the parties are, but they are recognizing it nonetheless.

Maybe they should feed the Palestinians and Israel can go back to fighting a war.

Joe Biden gave a joint press conference with the President of Kenya. Another Biden disaster.

Before getting to the convention, let's talk about why we need a Florida special session to change the 6 week abortion law. DeSantis, passed the 6 week law thinking he would get the right to lifers. They stayed with Trump.

There is a constitutional amendment on the ballot for an unlimited abortion period, A 15 week law and this amendment has no chance, but versus a 6 week bill, it has a good chance of passing or at least driving up Democratic turn out.

Many Republicans are very upset because given the choice between 6 weeks and 30 weeks they'll go for 30 weeks. 15 weeks was a good compromise.

15 weeks would allow the Republicans to take votes away from the Democrats. 6 weeks allows Democrats to take votes away from the Republicans, and we will lose seats over this. We need a special session

Robert De Niro looked like a nut job screaming about Trump. This did not play well anywhere.

I am going to sum up the Trump situation in a nutshell. If he gets an appeal bail, it will all be ok. If he does not get appeal bail, then the sentence will be carried out.

The only saving grace is that the Supreme Court does get involved because there are major federal constitutional issues including that it is a federal charge of election campaign violation, which gives the court jurisdiction.

I also think sentencing will be delayed until after the convention.

I believe the judge is required to read every letter that arrives that is a character reference.

Can someone that knows New York law please verify this. If it's true, we'll just send 30 million letters.

I think the sentencing will be delayed until after the RNC, but the other method being pushed by Alan Dershowitz is to get the appeal in really fast and try to expedite it bypassing the Appellate Division and go right to the NY Court of Appeals. We'll see what Trump's lawyers do

I told you so. When I was pushing for De Santis, it was specifically because we were going to be in trouble with Trump and his court cases, especially this one

DeSantis would have avoided all this. Right now we are in uncharted territory and even though we're raising money like crazy, Donald Trump could go to jail or get house arrest. Even if he wins, he's not going to have down ballot coattails and fundraising for other candidates

### **Alan's Meme of the Week**

The reason Mayberry was a peaceful and quiet place was because nobody was married. Andy, Barney, Floyd, Harris, Goober, Gomer, Sam, Helen, Clara and of course Opie. The only one married was Otis, and he stayed drunk all the time.
