

If You Can't Run For President, You Can't Be President

I told you over a year ago Joe Biden would not be the nominee. I was hoping he would stay in, but it did not work out that way.

Once Kamala Harris has locked up the nomination, which may take two weeks, then the Republicans have to spend every minute on: **"If he's not fit to run for president, then he's not fit to be president."**

That should be the entire campaign until the Democrats dump him. Then we ask the question: **"Why have you covered up Joe Biden's deteriorating condition."**

The smartest move Joe Biden can make today is to pardon Trump. His federal charges are not going to be heard until after the election. He will look really good and take away one of Trump's chips.

Harris supposedly has enough delegates to clinch the nomination.

If Biden was going to resign, he should have done it before Trump spoke at the RNC. Then the Trump speech would get lost.

One of the most powerful moments of the convention was when the parents of an American being held hostage in Gaza spoke to the audience. They spoke from their heart. "Bring them home" is everything to the hostages from Israel.

Another key moment of the convention was when the gold star parents holding pictures of their children killed in Afghanistan because Biden did not care. "Moving, " is an understatement.

The smuggling routes between Egypt and Gaza have been destroyed. There is effectively no weapons going into Gaza. Israel has total superiority on the land, sea and air.

It's really simple. Donald Trump is being protected by God. You don't have to believe it, but most of America does believe that God has protected Donald Trump.

At the convention, Trump spoke to all Americans. Not just Republicans. Not just Independents. He spoke to the whole country.

He also knows that Democrats not being paid to watch the speech we'll turn the channel after 30 minutes. The Trump supporter, the guy that goes to the rallies and is 100% red hat will watch every single minute of Trump's speech and then the commentary.

There really is no one running against Kamala. At the same time the Democrat Party knows that she's awful. But at least with her in the race, Trump is the old guy.

Zuckerberg will not endorse any candidate in this election. I said that Donald Trump is a badass praising his resilience after the shooting. A big difference from 2020.

The Utah Governor said he wasn't going to endorse in this election, but after Trump was shot he's 100% on Team Trump

Republicans need to hold hearings on Joe Biden's fitness for office . Of course this is as soon as Kamala has clinched the nomination . Call every Cabinet Secretary, White House staffer, and anyone else that has interacted with Joe Biden and ask them if they have seen anything and if not show them the tapes and make them answer

Even if you don't want to believe the Secret Service was in on the assassination of Donald Trump, then you would have to believe they're so incompetent that they made all the mistakes and screwed up royally.

I don't believe that Secret Service is inept. I don't want to believe that they're involved, but what else are we left with? When the Secret Service Director doesn't answer questions, what are we to think?

Everyone now knows that Donald Trump was denied increased Secret Service protection. This is the other area Republicans have to hold hearings, bringing all the police officers and anyone else that knew anything. Something is fishy.
