

Jill Biden Runs the Country

I said it three years ago: “Jill Biden is the de-facto president”
People would say it’s Barack Obama or Susan Rice but the real president has been Jill Biden, and now everyone sees it.

Donald Trump is being very quiet while the Democrats are blowing themselves up. It looks like Trump will not make the same mistakes he did in 2020. He wants to win this one.

If you remember the movie Dave, a president’s look alike has become the president and everybody tells him what to do. That is Joe Biden. Dave taught us that you have to get the wife on-board. And this is why Jill runs the country.

I hear Tulsi Gabbard is still on Trump’s short list. I don’t think he will do it, but it would be a great thing because she’s an excellent VP candidate. It would get us some Democrat votes.

I think Merchan may very well be tossing the Trump case. The fact that the Supreme Court has said that no matter what you do, it’s coming back here on appeal and he does not want to be overturned. Also, the Appellate Division and the Court of Appeals will also be looking at it much more seriously so I think the judge is going to dump the case.

I think there are about two more weeks in the cycle. If Biden can hang on, then he gets the virtual nomination, , and nobody can touch him. This week will be key. I’m hoping he hangs on.

I have been asked to explain the Trump Supreme Court case as far as immunity. It’s very simple. The decision was the only thing that made sense. Let’s start with a situation of Trump wants to kill his political enemies.

How does he do that. Seal Team 6? Posse comitatus means the military cannot operate in the United States so that won’t happen. CIA? Again illegal in the United States. That leaves the FBI.

If Trump tells an FBI agent to kill someone and they do, the FBI agent is left holding the bag and the criminal prosecution. I don’t see how this happens.

Now let’s talk about the court ruling. The court made the only ruling that made sense. Absolute immunity for presidential acts. Assumed immunity for other acts and then when he is not acting in an official capacity, there is no immunity.

Most importantly any ruling will be appealed up to the Supreme Court.

If Kamala runs for president, her time as District Attorney and Attorney General comes into play and it is not a very good record. Trump will have a field day with it

Here’s why what Trump said was not a lie: He had the greatest economy until COVID came. It’s that simple. The people coming into the country get Medicare in as little as 10 years. If they marry US citizen than it’s as little as one year. The same holds true for retirement benefits. A primary person does not get their benefits cut. That means that 50% more is being paid out, and no money is paid in.

I saw the interview with Stephanopoulos, and he did well enough to buy himself another week but did not do well enough for people to say that the debate did not happen

From our point of view, it’s the best result we could have hoped for. Three more weeks of this and it will be too late.

Israel has decimated Hamas. They do not have the ability to wage war and they cannot resupply. That is why they’re trying to make a deal. Israel’s deal will have a lot of conditions because they’re not moving out of Gaza. Biden wants the deal and Israel’s in no rush.
