

Jews Need Not Apply

I was not going to put out a column today as I was on vacation, but Hurricane / Tropical Storm Debbie changed all that. We drove through the night back from North Georgia beating the storm by about three hours So I guess I have a column to write.

The number of black people in the audience in Trump's rally in Georgia last week was much greater than the number of black people in the audience in 2020 or 2016.

It was supposed to be Josh Shapiro. Everything was set, but over the weekend the left wing of the party went nuts because they couldn't allow a Jew on the ticket. This shows who's in control of the Democrat Party.

Tim Walz brings nothing to the ticket. Minnesota is not a swing state. He is severely radical, but he is not a Jew, so he's ok.

Kamala will die a death of 1000 cuts. Every little thing is a cut to her. Donald Trump can't be cut because everybody knows everything about him. She will eventually bleed out.

Everybody wants to know why Trump is making such a big deal over Kamala being black. The fact is that in the CBS News segment, on the barbershop in Pennsylvania, all the blacks in there didn't think Kamala is black. There must be something to it.

The 2nd gentleman has dirt on his hands, because he slept with the nanny / teacher. She needed an abortion which means he knocked her up. That hurts his credibility when telling us about male masculinity being bad.

He could not help himself and it hurts. Donald Trump spent 10 minutes in the Atlanta rally, blasting the Governor of Georgia. The only thing the MSM got out of the rally was the 10 minutes he spent on the Governor of Georgia.

If you want to win this election you have one enemy plus the MSM. Kemp is not your enemy nor is any Republican governor. You will lose this race if you don't focus.

This is the reason I did not support Trump in the primary. Even though I said he was going to win the nomination, if he does not stop being his own worst enemy, he will lose.

Tim Walsh does not guarantee MN to the Democrats. He won by 11 points his first race and re- election by 7. MN has gotten very bad. Trump can still take it.

The Democrat Party is anti-semitic. I think Josh Shapiro running was already baked into the cake and it would have been about point and a half giving Kamala Harris a slight lead; Shapiro not running is the best gift the Republicans could have.

Walz faces accusations about stolen valor. He was not a Command Sergeant Major when he left the army, he was a master sergeant, an E-8. The promotion to CSM had strings attached, and he did not meet the qualifications. Some say he left his men before being deployed to Iraq.

JD will have a field day with Tim Walz.

Trump has to stay laser focused to win. It's that simple

Tim Walz is personally responsible for the burning down of Minneapolis and Kamala Harris bailed out the rioters. They deserve each other.
