

## **Harris / Biden Has Cut Medicare. Tell Everyone**

CNN noticed that Harris was against Trump's border wall. Now the wall is featured in her ads.

I assume everyone will have a debate analysis. Therefore I'll wait till next week, to comment, but if anything major happens, I'll put out a special Thursday edition.

Donald Trump talking to the Republican Jewish Coalition: "If Kamala wins, Israel will die." They gave Iran billions of dollars for terrorism.

Trump said to Republican Jewish Coalition: "The American taxpayer will not subsidize the creation of terror sympathizers on American soil."

Judge Merchan moves Trump's sentencing to after the election. This takes a lot of pressure off our side. I honestly believe he's going to toss the charges before sentencing, especially if Trump wins.

Alan Dershowitz leaves Democrat Party. He said the constant parade of Anti-Semites at the DNC from: AOC to Bernie Sanders to Al Sharpton was more than he could take.

Michigan and North Carolina Appellate Courts have ruled that RFK's name will be removed from the ballot. I don't think there is time to appeal it, and this is wonderful news.

James Carville: "The voter is basically dumb and lazy. The reason I became a Democratic operative instead of a Republican operative was because of more Democrats that didn't have a clue than there were Republicans."

Donald Trump has to have one strategy in the debate. "Everybody in America knows my record. It's on my website and I have given many interviews. This is Kamala's turn to tell the American public what she thinks, what she believes, and what she will do."

He must resist the urge to get into his personal areas. "Mr. President, what about January 6<sup>th</sup>?" "January 6<sup>th</sup> happened four years ago, and there was a peaceful transition of power. We are going to talk about Kamala." If Trump does this he wins the debate.

Also Trump has to ask Kamala "Who's running the country?" She's campaigning and Biden's on a beach. Is the country on auto-pilot?

Harris brought in \$361 million in August fundraising while Trump brought in \$130 million. This is one of the things I warned about. Trump needs to stop doing commercials about donating only if you can afford it.

According to a CAIR Poll-: Jill Stein leads Harris among Muslim voters in Michigan Arizona and Wisconsin. Trump leads in Nevada. So who is voting for her? I don't get it?

Harris / Biden has cut Medicare big time, but you don't hear about it because the cuts were made to the insurance companies not to the beneficiaries.

How was Medicare cut? In 2025, for Medicare Advantage, the deductibles are higher. Copays will be higher, and the maximum out of pocket is higher. Also, the ancillary benefits are much lower.

In 2025 many carriers will be charging a \$590 deductible on tier 3, 4, and 5 drugs. This is the maximum Medicare is allowing. The maximum spend is \$2000 so it helps the people that were in the doughnut hole, but for many others, they are going to pay a lot more.

They blame Trump for cutting Medicare when Harris / Biden is doing the cutting. We must let people know this before the election. Open enrollment starts October 15<sup>th</sup> and there is very little time to educate people about these changes.

Please send this email to everyone you know so they start to understand the situation.

In 2026 it appears that the subsidies run out of the Medicare. I tried to find out what happens in 2026, but all Google says is: "Drugs can be negotiated." The search engines are blocking any reference to the problems that will happen in 2026.
