

Trump Assassination Attempt #2

By: Alan J. Huber

It appears Laura Loomer has become one of Trump's most trusted advisers. Horrible news.

She is toxic. She is a grifter and though she did break the Doug and Nanny story, she is more trouble than she is worth. Donald, you don't need any more distractions in your life. You already blew one debate.

Pennsylvania Supreme Court rules that ballots received without correct handwritten dates on the return envelopes will not be counted.

One difference between now and 2020, thanks to Lara Trump is that the lawsuits are being filed in advance of the election and not after the election. Pennsylvania and Wisconsin Supreme Court's both said that had the claims made in 2020 been brought to the Court's attention earlier, they would have been successful. But the GOP sued after the election.

A man was doing interviews in downtown Manhattan. It was 50 / 50 between Trump and Harris. Manhattan is always 90 / 10. Something's going on

There's a lot of questions about Trump's shooter, but at least he's alive to answer them.

We have a typical left wing nutjob, who went to Ukraine to recruit fighters.

Somebody posted "I will be voting Republican although I don't like to be on the same side as Marjorie Taylor Green and others.

Here is my response: "I can list a million Democrats who are anti-semitic, anti-Catholic, anti-black, etc. You make a decision on who's running for election, not some of the idiots in the party.

Polls show that the Taylor Swift endorsement produced only 6% that said they were going to vote. Except that 400,000 people went to a registration page because of her. I wish we had somebody with such staying power.

On the Sunday shows they were trying to blame JD Vance and Donald Trump for the bomb threats in Springfield OH. Governor DeWine reported that everyone of the bomb threats came from overseas and was a hoax. His number was 33.

Man walks through Walmart asking people: Trump or Kamala? With the exception of one person, everybody else said Trump. Something is happening

A lot of people coming to United States are 60 and 70 years old and they don't think about qualifying for services. They may or may not get Medicaid but they cannot get Medicare or Social Security. The federal government needs to tell them that they are not welcome here, because they will have health problems and the government will pay the bill.

Dear Governor De Santis: I am going to vote NO on proposition 4 (abortion) not because I want to, because I don't.

The national issues in this election are so much bigger, and abortion will be distraction. Assuming the abortion amendment fails, you'll be in a position to put through the Florida Legislature in 2025 a 12 - 15 week abortion bill. You have nothing to lose because you're not up for reelection again.

I strongly suggest you back this, otherwise the unlimited bill will be back in 2026.

The residents of Chicago are complaining about the migrants in Chicago. If the Democrats can't get the Chicago vote, they're doomed

Breaking news: Kamala Harris rushed to safety after a reporter attempted to interview her

Only Israel. It appears that Hezbollah terrorists use pagers to get their orders. Somehow Israel got their pagers and put explosives in them. Then they blew them up. This caused massive injuries and death. At last count 4000 injured, and 11 dead.

"They're eating the dogs. They're eating the cats." It's gone viral. The only thing anybody remembers from the debate is this. The result is everybody in America knows what is happening in places like Springfield OH. Everyone in America is talking about the immigration problem. I actually believe when Trump said: "They're eating the dogs," he knew it would create this kind of energy because no one believes they're eating dogs. Cats, a different story. Ducks and geese? Yes

CBS in Nevada is interviewing voters and it's 4 to 1 or better for Trump.

Alan's Meme of the Week:

A boss says we're going to get rid of slackers. He sees a guy leaning on a wall and says "What are you doing".

Guy says "I'm waiting to get paid"

Boss asks: "How much do you wake up make a week."

Guy: "\$300 a week"

Boss: "Here is a check for \$1200, now leave."

Boss than asks: "Can anyone tell me what happened here?"

Voice in the back says: "Yeah, you just tipped the pizza delivery guy \$1200."
