Israel would not give the US advance notification about what Israel was going to do. I wonder why?

Want to kill a few hours? Watch Sovereign Citizen videos. You'll be amazed people can be this dumb. It's also fun to watch the windows get broken.

Not one word of Israel is causing people to starve in Gaza is true. Israel lets in an incredible amount of food into Gaza. When the people were first taken hostage, Israel should have said: "Give us back our hostages or you will all die of starvation."

When Trump wins, we charge as many people under federal law as possible with illegal protests against Israel. We allow them to take a class in the real history of ISRAEL, to make the charges go away.

JD Vance had two jobs in the Vice-Presidential debate. He had very high negatives because the MSM would show a 30 second clip from a one hour speech making him look bad. In the debate, he had to look approachable and reasonable. The conclusion: "Men want to have a beer with him, and women want to marry him."

They also made the decision to go after Kamala and ignore Walz. It was good instincts, because nobody wins beating up the vice presidential candidate.

One more thing on the VP debate. Frank Luntz focus group ended at 12 - 2 that JD Vance won the debate.

Okay one more thing about the debate. The fact that Tim Waltz hasn't given an interview since the tag team on CNN has really hurt him in prepping for the debate.

They acted as if Kamala Harris had been president for three and a half years. Almost no mention of Joe Biden. Very Effective.

The second time the moderators editorialized and fact checked, JD was not allowing it. He shut them down and they never tried to fact check again.

Now we have second gentleman Doug Emhoff accused of physically assaulting a woman in 2012. He just smacked her in the head hard enough to spin her around. First the nanny and now the girlfriend. A role model for all men.

In the end, if Kamala Harris were not so anti Semitic, Josh Shapiro would be her VP, and she would probably win. Thank God the Jew haters have sway in the party.

So Elon Musk could have taken the \$42 Billion that has been spent connecting no one to the Internet. He could have Star Linked everybody for \$885 million.

In North Carolina it is private enterprise such as private helicopters flying In and out, because the government is not doing anything. They have no money.

Kamala Harris has \$750 for all Americans hurt by the flood or hurricane. Don't you wish you'd become illegal for a few months and collect big money?

Actor John Amos died this week. He had incredible career. He started as a janitor in Good Times, and finished as Chairman of the Joint Chiefs of Staff in West Wing. Want to tell me that America is not upwardly mobile.

Many of you have now received the: "Annual Announcement of Change" from your Medicare Advantage Company. You've noticed that the copays, the deductibles, and out of pocket are all higher and ancillary coverage has been cut. Feel free to see my ad at the bottom of this page and contact me.

Israel rescued an Iraqi girl that was enslaved at the age of 11. Her husband was killed in a Israeli bombing. The girl is now 21 and has been reunited with her family in Iraq. These people are animals marrying women 8, 9, 10, and 11 years old. They should all burn in hell.

Kamala and Liz Cheney were campaigning in Wisconsin. Tammy Baldwin was not there. That sends a loud message.

Hotels in New York are full of illegals and we have no place to put American citizens. This is what Kamala Harris' policies have done.

NBC says Trump is lying when he says that FEMA spent all the money. It's not true because there's different pools of money. There's a DEI pool and an illegal pool and an American citizen pool. All that money could be used for US citizens.

Pennsylvania was Democrats 7.5% advantage 2020. It is 3.7% 2024 Even Philadelphia has gone from 64.3% in 2020 to 61.3% in 2024.

In Palm Beach County Democrats have requested 123,000 mail ballots. The final number in 2020 was 270,000.

On Friday, Kamala was to start speaking in one place and Joe Biden goes into the Briefing Room 2 minutes later. The networks cut her off to carry him, and he basically says that: "We're a team." He's trying to sabotage her. He knows she's losing the election.

Pennsylvania Democrats are down 416,000 mail in ballots vs the same time in 2020.

After watching hundreds of police videos, The real threat is a person stopped by the police, in a traffic stop that starts to drive away. They are very likely to get into an accident and kill someone. The police always stop them with the guns drawn and never fire. They need permission to fire. A couple of deaths will stop this problem of these people running away and causing others to die.

According to Trump, Rasmussen is 62% Trump - 34% Kamala with Latino voters.

Marist says 59% mainstream voters want mass deportations. Only 14% strongly disagree.

We don't have an official number but Trump campaign says that Butler attendance was 105,000. Judging by the crowd photos taken by drone, it is probably accurate.

MEME:

Liberal: Whoever thinks a country can be overthrown with a militia does not know how tanks and jet fighters work

Conservative: Then how could democracy be threatened by unarmed people marching into a building.

Liberal: Crickets
