LA Times, Washington Post, and now USA Today, all refused to endorse Kamala Harris, This is not looking pretty for her.

In Nixon versus McGovern, my grandfather asked my mother, "Who she voted for." She said: "Nixon, of course." My mother said: "Daddy who did you vote for?" He said he wanted to vote for Nixon, he just could not pull the lever. If my grandfather was alive today, I promise you, he would have voted proudly for Donald Trump.

A former chairman of the Republican Party was telling a liberal friend: "You live in Florida, so it is safe to vote for a Democrat. If you lived in a place like New York, where they beat you for being Jewish, you would vote for Trump."

Harris hometown paper, The Los Angeles Times will not make a 2024 presidential endorsement. Kamala's campaign did not take this well.

Trump is in dominating control of the news cycle. A Madison Square Garden rally and Joe Rogan. The Republican Party is coming together while the Democrat Party is pointing fingers.

If Trump were Hitler, would Chuck Schumer sit next to him at the AI Smith dinner?

I'm here with one of the leaders and opinion makers of the Republican Party: Liz Cheney.

Republicans are flocking to hear her, and AOC is saying Kamala is making a big mistake.

Should Trump win, he should have the DOJ go after the major networks and newspapers for collusion. The First Amendment does not give the media the right to collude and bury stories.

Kamala Harris is 7 days to election day and she is still testing the message: "Trump is a fascist," is not floating.

Trump: Kamala- you were handed \$42 Billion dollars to expand broadband and not a single person has been connected to the Internet.

I saw great ad, Jewish grandparents. It's okay to vote Republican and all the people in the ad were Democrats.

They used the word: "Shonda, "which means: "Travesty," for any Jew who votes Democrat.

The Joe Rogan experience had 35 million views as of Monday afternoon. It was just two guys having a conversation. Trump was not scripted, and it was wonderful.

That is the problem with Obamacare.

Is New York in play? It is very possible. Trump is getting about 27% in New York City but if he does much better than that, then the state is in play.

Palm Beach County, the Democrats are 22,300 votes in the lead. In 2022 Democrats had a 50,000 vote lead at the end of early voting. We could duplicate 2022 in Palm Beach County and that means the congressional race would be in play.

it is very apparent that Democrats are not coming out to vote in this election. How many of the ones that have voted, will vote for Trump? That will not be known until Election Day. Remember what I told you last month. The media tries to put a big gap in there a month out to suppress the vote, but as they get closer, the polls have to become very close. That is what is happening right now which is why all the polls are extremely tight.

Kamala Harris did it again. To fill an arena, they said Beyonce would be performing.

Instead she gave a three minute speech and no performance. Many Kamala voters became Trump voters at that moment.

I want to remind everybody at the turning point in this election was Kamala not choosing Josh Shapiro.

The Vice-Presidential debate, gave JD Vance a three point bump in the polls which is when the election started going south for Kamala. Again, choosing the Jew would have made all the difference in the world.

In Nevada, Republicans hold a 30,000 vote lead over Democrats.

In Georgia, they have almost a million more white people voting then blacks. Souls to the Polls, a way of getting Georgian black votes went nowhere this week.

First day of early voting in New Jersey. 38% Democrat, 37% Republican. In 2022 it was 50% Democrat 31% Republican.

Israel may have attacked a number of "Undeclared", nuclear facilities in Iran. No one is admitting to this. Carolyn Glick ran with the story.

In 2020 Pennsylvania, they had a 1.1 million lead going into Election Day. In 2024, they have a 380,000 vote lead to date. They won by 80,000 votes.

In 2020, Colorado's mail in ballot was 130,000 votes for the Democrats. This year they are only 26,000 votes ahead of Republicans.

Florida is showing the Republican Party around the country what they have to do to win and the Republican Party is following the game plan.

North Carolina, Arizona, and Nevada have massive shifts to the Republicans in early voting.

Nobody believes Trump is Hitler. It is starting to backfire.

BBC spoke to residents in Dearborn Michigan. It is a heavily Muslim city, and it was shocked to learn that most people opposed Kamala Harris's candidacy.

Florida early voting, Republicans lead Democrats by 500,000 votes as of Monday night. Tues. night, the lead is almost 600,000 votes.

It's quite possible with 30 million views on Rogan another 30 million watching the rally in MSG live that we have finally ended the influence of the mainstream media. That's 60 million views.

This is why Trump closes the campaign like no one else. I think come Tuesday we will see the results that will look very much like Ronald Reagan.

They are talking about Madison Square Garden. They had a roast comedian that bombed. I think the Trump campaign purposely put him in to bomb, so Kamala could talk about Puerto Rican garbage.

Instead of staying on message, they are talking about the joke and I think it was on purpose. The Democrats and the media have spent two days on this bombed joke.

George Lopez makes a bad joke about Mexicans, at a Kamala rally and nobody says a word. At the Trump rally, it's the end of the world.

A 128,000 more Republicans voted in Arizona than Democrats.

Joe Biden says 50% to 60% of the population is now garbage, He said those that support Trump are garbage. Joe Biden, the gift that keeps on giving.
