

## It Was a Landslide!

Democrats lose the argument that Trump did not win the popular vote. His margin was 3.6 million votes.

We'll have 53 in the Senate. Had Trump not put his finger on the 2022 race we would have had 60 Senate seats. It would have been a once in a lifetime scenario. A filibuster proof majority.

Florida amendments for abortion and marijuana both failed. They will be back, unless the legislature does the will of the people: 1) A common sense abortion law, and 2) Legalized recreational marijuana. Put in safeguards so people can't smoke anywhere or drive etc.

The federal cases on Trump are going away. That leaves the state cases. My prediction is the judge in New York will toss the case because you really don't want the President of the United States gunning for you.

The GA case is being appealed. Every appellate judge would like to be promoted to either the 11<sup>th</sup> Circuit Court of Appeals or United States Supreme Court. For that reason, I predict this case will be tossed.

The Palm Beach Republican Party had a deficit of 31,503 votes going into election day. I have a lot to say about it, but I'm going to wait until next week.

I would like to propose an abortion bill to be accepted by the state legislature.  
16 Weeks for 3 years  
14 Weeks for 3 years  
12 Weeks for 3 years  
Then see how it's working and how you want to proceed next. 80% could agree with this even though they may not like it.

I would like to congratulate my readers. Many of you are County Committee Men and County Committee Women or County Chairs. Most of you are active in the Republican Party. Some of you raise money or give money, others knock on doors, still others dial phones or send texts.

This was our victory. It was beautiful. It was huge. With Donald Trump and JD Vance, we should have 12 good years of Republican rule. Trump made a really smart call on JD Vance.

Democrats will now fight a civil war. Progressives will win and those that cannot stand what it is going on will join the Republican Party.

Special Thanks goes to the mainstream media. The daily drum beat of: Trump is Hitler. Trump is coming for you. Trump will kill you. Trump will put you in jail, etc. The American public decided that you're full of shit. You no longer have any credibility with 70% of the population .

First thing Donald Trump should do is close the White House Press Room on January 20<sup>th</sup>. He has the ability to make all new rules, when he first comes in. Then he tells the MSM that if they do not diversify and create conservative reporters he's just going to keep it closed.

Rush Limbaugh said there was always an advantage the Democrats had because the media was biased. This year the media bias was probably 7 points for the Democrats.

Everybody watching mainstream media including Fox News was freaking out that the elections hadn't been called. I warned you about this. Many in the online community used DDHQ, as their decision desk.

Races were generally called two hours earlier on DDHQ.

California 2025, 3.8 million votes less than 2020 for the Democrat.

Also on day one, Trump announces that his Attorney General will start investigating the MSM for collusion and burying stories. The First Amendment does not allow the media to collude or to bury stories. Simultaneously, Congress should subpoena not just the MSM heads, but also the Joy Behar's, Rachel Maddow, Joy Reid, Dana Bash, etc. And ask them: "How Trump is Hitler?". Define a Nazi, etc. The Democrats will bring in Republicans and ask them questions. Then the American public will decide who's smarter.

The federal government will no longer pay benefits to illegal immigrants, even if they have protected status, because the American public does not want this. We will give people the opportunity to self deport. If they don't, we will deport them and they will not be allowed back in the United States.

Election day was a great day for Jews and Muslims who want peace and prosperity. It was bad day for self-hating Jews and Jihadists Muslims.

Trump should announce this week that he will be considering pardons for the January 6<sup>th</sup> defendants. Their sentences must be equal to the jail terms of the George Floyd Rioters. Local prosecutors have until January 20<sup>th</sup> 2025 to charge the George Floyd Rioters or the January 6<sup>th</sup> defendants will be allowed to go free, because it's unfair the double standard between January 6<sup>th</sup> and George Floyd.

Qatar has notified Hamas leadership that they're no longer welcome in Qatar. In other words, "We don't want to piss Trump off."

Some of the senators that won reelection ran ads that said they were Donald Trump's best friend. Donald Trump should try to capitalize that these people owe him some votes.

It is unconscionable that we are waiting 5 – 7 days to figure out who won Senate and Congressional races. The first order of business is a standalone bill that every state and county must report within 48 hours of the close of polls. This bill will very quickly win bipartisan support.

The difference between 2016 and 2024 is that Congress is saying we're 100 percent on the Trump train in 2024. They were the impediment in 2016.

How to deport illegals? We send everyone in the country a letter. It says they have to go to court or they will be deported. 80% will not show up in court. That means that they're automatically being deported.

The Amsterdam Pogrom: If Holland is smart they will start mass deportations of the Palestinians and Arabs. That is the only thing that will send a message.

If we think we can flip the seat, offer Henry Cuellar (D-TX) a position in the administration. When it comes to the border, he thinks like a Republican.
