

## Joe Biden is Trump's MVP

Why am I mad at Donald Trump? Because he blocked vote-by-mail and early voting in 2020. That gave us four years of Joe Biden. Had he said vote by mail and early vote, he would have won the popular vote and Ron DeSantis or Nikki Haley, would be president in 2025.

Remember: Trump supporters take him seriously but not literally. Those that hate Trump take him literally but not seriously.

Trump has announced that he will go after the accreditors of education. It's brilliant. What is the first step? Students no longer grade teachers on their evaluation. This has given students an incredible weapon and has led to mamby pamby teachers, at the college level.

Trump does not need congressional authorization to get rid of birthright citizenship. He just needs an executive order that children of people here illegally are not subject to the laws of the United States and therefore do not qualify for citizenship. It's that simple.

Besides birthright citizenship, we can keep illegals out of schools. He just needs an executive order that says the federal government and states do not have to pay for schooling for people that are here illegally. Nothing will make people self deport faster.

I have been saying that the election of Biden was ordained by God so we can see bad it could be. Dennis Prager just agreed with me. Dennis points out the Democrats represent the wealthy, so they're not affected by the cost of food and everyday necessities.

By now it is obvious that Joe Biden and Jill Biden voted for Trump. Do you want to still doubt that Biden told Kamala that if he separated her policies from his, he would endorse Trump? It is the only thing that explains the answer to the question on "The View."

One of the first things we have to do is have the same parameters whether someone is married or not. The idea that you say you're not married and you get all these benefits which you do not get if you are married is counterproductive. We have to give people a reason to get married or be in a relationship with the partner as opposed to not being in a relationship at all.

I don't think Matt Gaetz is going to be confirmed. I think he is a lightning rod that everyone can vote against, and let the other nominees go through. Trump has some other place in the administration for him, that does not require Senate confirmation.

I have been asked if I called it wrong in not supporting Donald Trump originally. My answer is NO. I said Trump would be the nominee whether I wanted it or not. I also said Biden would not be the nominee.

I truly believe any other Republican in the race could have won by 10 to 20 points had they run without Trump, because there is no TDS present.

I will give him credit, I did not think he could win all the court cases but the Supreme Court handed down 3 decisions that have been very helpful to him.

I did not see that coming.

Why does Joe Biden get the MVP award? Four times he stepped on Kamala's big moment. The last time was: The Ellipse in DC. Kamala had 50,000 to 70,000 people there, She gave a great speech that no one heard, because Joe jumped on a zoom call and said: "All Republican's are garbage."

The question of the Florida Senate seat, depends if DeSantis wants it at the end of his term. If he does, (and I hope he wants it) he appoints a placeholder that will not run for the seat and then DeSantis takes it in 2026.

That will also lead the Republicans to victory in 2026, with him at the top of the ticket.

Tulsi Gabbard should sue Debbie Wasserman Schultz for calling her a Russian agent.

Joe Rogan agreed that Joe Biden voted for Donald Trump.

Kamala raised 2.5 times what Donald Trump raised for the election.

I told you that the Trump supporters were not going to raise money for him, because they thought he was rich and had his own money to put into the race. Fortunately, he did not need it.

Biden is telling Iran, they do not want to be holding hostages until January 20<sup>th</sup>, because Trump will blow Tehran to smithereens.

As I told you last week, Israel attacked one of Iran's nuclear reactors. The story was reported by Carolyn Glick. Israel just confirmed it. If you want to accomplish anything in the Middle East, don't listen to Joe.
