Open enrollment ends this Saturday, December 7<sup>th</sup>. Sometimes we can get you an extension, but please let us know in advance. 855 561 0500.

---

According to Carolyn Glick, 40% of Jews voted for Donald Trump. Incredible percentage.

---

Now when Trump's attorneys in 2025 respond to the Alvin Bragg case, they are doing it with the full White House behind them. All of a sudden Bragg's office will look like a speck of dust.

---

All the talk of recess appointments is ridiculous. You really think they'll take a recess in the President's first 100 days?

---

I think Congress needs to subpoena Merchan's daughter and others involved in the Trump prosecution. Funny when the shoe is on the other foot.

---

Matt Gaetz withdraws as Attorney General. I told you he would not be AG. I told some people from the beginning it was going to be Pam Bondi.

---

Notice the lazy Donald Trump and his team have not had a vacation since well before the election. They are doing an amazing job on the transition space.

---

Chabad Rabbi Tzvi Kogan was confirmed dead, he was kidnapped by terrorists.

---

Israel will make Iran pay the price. They just have to wait until Trump is in office.

---

Baruch Dayan HaEmit- Blessed be the True Judge.

---

Jeremy Boring of the Daily Wire has a brilliant idea. Congress immediately tries to pass a constitutional amendment enshrining the 60 vote filibuster in the Constitution. If at the end of 18 months this amendment has not been ratified, then the Republicans will ditch the filibuster and vote with a 51 vote majority.

---

This gives time to deliberate and pass an amendment and ratify the amendment. The Democrats were ready to kill the filibuster, so Republicans should be prepared to do the same if this does not pass.

---

**Liberal:** All I know is that we're getting our passports ready and looking into visas for other countries.

---

**Conservative:** So let me get it straight... Your acknowledging that other countries require documentation and don't allow anyone to just move there across the border.

---

I have written this many times. One of the problems we have is children are able to stay on their parents insurance until they're 26. At age 22 or out of college, they should have to get their own insurance, even if the parents pay for it.

---

Insurance till 26 is one more way of telling kids they don't have to grow up.

---

I wish Democrats hated sex offenders as much as they hate gun owners.

---

I wonder if the indictment against Henry Cuellar the Democrat from Laredo Texas has something to do with him being the only pro life Democrat in Congress and sides with Republicans on many issues.

---

Maybe Trump should pardon him, and then offer him a place in the administration so he resigns from Congress. This would help keep our balance during the confirmation process.

---

If anyone is still representing Hamas, this is their time to put a deal together, because if Trump comes into office and hostages are being held, Tehran is going to get blown up.

---

He's not even president and he stopped the illegal flow across the border. He told Mexico that he was going to put a 25% tariff on Mexican goods. The Mexican President says they will work with Trump to stop the border crossing.

---

Now she's trying to save face, but she will do this or be hit with the tariffs.

---

The migrant caravan heading to the United States? Mexico has broken it up.

---

I told you that Biden was going to pardon his son. They just needed to wait till the election was over.

---

Trump keeps making great picks for his cabinet and appointed positions. They are designed to drive the Liberals insane.

---

This will be my last column for 2024. I will be on vacation next week and then we are in the holidays. I want to wish my readers a very Merry Christmas, Happy Chanukah, and a Happy New Year.

---

**Meme of the week**  
I saw a girl in Walmart with six lip piercings. It took everything in my power not to attach a shower curtain.
