Happy New Year. I am writing this column this week. Next week I am on a cruise. The following week Trump is sworn in on Monday, and I will probably write my column on Wednesday. Let the good time's role.

I just saw the greatest ad:

Support Voter ID. Don't Let Trump Cheat.

Republicans are starting to get very smart about how to market to Democrats.

Let me explain what happened with the spending bill.

Contrary to popular belief, Trump was on the phone with Speaker Johnson the whole way. They negotiated a bill with the Senate and with the White House. Then they had to wait until they were near the deadline. Nothing happens in a negotiation in Washington unless the clock strikes 12.

Approximately Wednesday, Trump torpedoed the bill. They substitute a 116 page bill with the debt limit increase. The Democrats go nuts. This was planned. The bill is voted down.

The Democrats can say they stopped Trump's plan. Of course the government was shutting down on Friday night.

On Friday they resubmitted a bill that was 118 pages with no debt ceiling increase. The Democrats joined most Republicans passing this. The Democrats get to say that they blocked Trump.

Of course they all voted for it. Bottom line: 118 page spending bill without the debt ceiling increase. We played them.

If the hostages in Gaza are not released by January 20th, I believe President Trump should do the following.

Announce that Israel is no longer responsible to feed the people of Gaza. However, humanitarian reasons say that we have to feed the children. Therefore we will have camps for all the children under 18 and we'll feed them and educate them and stop the hate.

The rest of Gaza will die, including the hostages. However, when people are dying, they may just turn in the hostages to get some food.

This will solve a problem they can only be solved with drastic action. Within 10 years of not teaching hate the Palestinians will become normal people

Western countries won't stop suffering terrorist attacks until it lets go of the most cherished belief that all people are equal in all cultures. It simply is not true.

Some people like to believe in fictional things, such as:

The Easter Bunny, Mermaids and Palestine.

I was out at a Trump event and everybody was hyperventilating about the medals Joe Biden gave. Stop looking at the shiny objects and look at what they don't want you to see. Liz Cheney or J6 receiving a medal. Who cares. Your life is not affected one bit.

Is it possible that acts taken by Joe Biden are not binding? If he didn't know what he was signing or if he didn't sign it, it may be null and void.

I think the Senate should hold a hearing on January 6th to see if any government assets were used to start the riot.

I watch a lot of police videos. When a car has been pulled over and then takes off the police give chase. They then work with guns drawn, when the car is stopped. The suspects know that the police will not shoot and they may take off again. Sometimes they go down the freeway the wrong way.

I propose that police be able to shoot to kill, because people going down the freeway the wrong way is a threat and a danger to everyone on a freeway.

The House and Senate must hold hearings on who was running the government for four years? Biden was not. It is quite possible that many of the actions taken by Biden were not taken by Biden. It may have been his underlings signing for him.
