

Trump's Gaza Plan is Brilliant

New York is trying to delay the special election for Elise Stefanik, as much as possible. This is very reminiscent of when Massachusetts had the special election for Ted Kennedy's seat. The Democratic Legislature rammed through a bill calling for a special election instead of allowing Governor Romney to name a replacement for Kennedy. (BTW- Scott Brown GOP won.)

If Stefanik resigned now, I don't think any law change would change election day.

Everyone laughed when Trump complained about China and the Panama Canal. The President of Panama now says that he will end the agreement with China and work with the United States. Not sure of all the details but again, it is Trump winning.

People saying the pardons of the January 6th defendants are not popular. Yep I'm sure some of them are not. On the other hand this is the kind of stuff that is forgotten in about 3 months and then business as usual. That's why Trump is being smart.

Elon Musk is having a blast running DOGE. They just shut US AID down. 600 employees. I've known for the longest time that it is a corrupt organization and it's great he shut it down.

The Dems looked like crazy people, shouting for the government to spend crazy money on stupid projects. This is the stuff we voted to stop.

Show me the money. Zelenskyy says that half the money has never gotten to Ukraine. Very interested to see where the money is leaking out, and if it will lead to criminal prosecution.

Mexico to send 10,000 troops to border. More winning.

Liberals, if you enter building illegally you must be prosecuted. But if you enter a country illegally, they have to give you benefits.

The Department of Justice has created a task force to combat Anti-Semitism on college campuses. In two years Joe Biden could not be bothered.

On the Panama Canal, the first thing that happened is military ships no longer have to pay the canal fee to cross. More winning.

The Trump strategy of flooding the zone is working beautifully, because the media can't keep up with him. They don't know what to do and they're in disarray. Democrats are also in disarray. It's a lot of fun.

And of course Canada also folded, putting 10,000 frontline personnel to be protecting the border.

Venezuela gave us six hostages they were keeping. We gave them nothing. Under Biden, we would have given them 30 people plus \$10 million.

Trump has said that Ukraine has to put up some of their rare earth minerals as collateral for the money we are sending them.

Karoline Leavitt , " So far it is a good two weeks and it is only Wednesday"

When Trump nominated Matt Gaetz as US Attorney General, I said it's not going to be him. He's there to take the bullets. It's going to be Pam Bondi. Clarence Thomas swore her in as AG today.

Trump's latest proposal for the U.S. to take over the Gaza strip. At first glance it sounds ridiculous, but the Gaza strip has incredible beachfront property. A consortium of countries may wind up taking over the Gaza strip and turning it into Dubai with water.

My Florida predictions. With the Lt. Governor going to FIU, I believe Mike Caruso will be named CFO, for Jimmy Petronis' seat. Jimmy is running for Congress. Ashley Moody will run for Governor and Governor DeSantis will run for Senate.

Governor Desantis announced reductions to Citizens Insurance premiums statewide. He also announced reductions of car insurance including: Geico -10.5%. Progressive- 8.1 percent, and State Farm- 6%.

I have been telling you that the Legislature did their job, and it would take a little bit of time and we are now seeing the results.

How do we get the people out of Gaza? Very simple. We don't rebuild unless they leave. Right now Gaza is a war zone. They want rebuilding, they will have to leave. There is no running water or electricity in most of Gaza.

So let's say only half the people in Gaza leave. You take half the territory and you give it to the coalition. That's theirs and nobody's going to rebuild on the territory used by the Palestinians. Eventually another 25 per cent will leave and you take 25% more and give it to the coalition to build a new Gaza.

Sooner or later Gaza will be empty, But the terrorists will not be allowed to leave or they will go to a camp in Saudi Arabia because the terrorists cause problems wherever they go.

There are some countries that are not repatriating. China and India are two of them. Secretary of State Rubio got a deal with Guatemala to house these people. It is 80 to 90% cheaper to keep someone in a jail in Guatemala than to keep them in a jail in the United States.
