Spain, Ireland and Norway that have recognized the Palestinians, and now have a legal obligation to allow Gazans to enter their territory. Israel has said they'll let any Palestinian who wants to leave, leave for any country that will take them.

Between Bibi and Trump this is beautiful thing.

Marco Rubio has determined that USAID needs only 294 staffers out of 14,000

This is going to be a lot of fun.

Pam Bondi set up a task force that will go after Hamas. More winning.

Trump knows the best way to prosecute is to find people with their hand in the cookie jar. US juries do not like politicians and bureaucrats stealing money. Find a hand, and you'll be facing federal charges.

Let me explain Trump's Gaza plan, the way I think it plays out. He is saying that the last option is that the Americans will take over and run Gaza. But that is not what he wants. He wants to consortium of Arab countries pitching in taking people from Gaza and also using Africa. The Gazans must be split up all over the Middle East and Africa.

What is the carrot? Another Dubai will be built in Gaza, with its' beach front property. The countries that put in money and take the Gazans, will receive the spoils from this real estate deal. Some of the main terrorists may be brought to Gitmo so they will no longer be used in hostage negotiating.

International law allows you to relocate people for rebuilding. It might take 10 years, at which time the Gazans will have assimilated into the populations wherever they are. The best part? They will be in Africa and other Arab countries. If they misbehave they'll be killed and no one will care because Israel will not be doing it.

It will be enjoyable to watch Trump put the deal together. Remember the rule for the Middle East: Watch what we do, not what we say.

Hamas released three hostages on Saturday and they were emaciated. They look like Holocaust survivors from 1945 and Israel is furious. Hamas also made them give statements before they were released.

As a result, Trump has said that Hamas must release all hostages by Saturday at 12 noon. They will allow Israel to do whatever Israel needs to do.

Remember that Israel is now totally rested and rearmed.

In 48 hours HHS cancels 62 contracts worth \$182 million. Not one penny goes for health care. It all goes to administrative expenses.

If this pace keeps up, Trump will pick up seats in the House and the Senate in 2026.

After the last two weeks of DOGE, do we have any questions why Trump fired the 17 inspector generals?

The Musk team finds over 6,000 people over 112 years old receiving social security benefits.

The Pentagon threw out the: New York Times, NBC News, NPR, and Politico to allow in: New York Post, One American News, and Huffington Post.

Gavin Newsom goes to the White House to beg money for California fires then signs a \$50 million package for illegals to fight President Trump.

DOGE is going to unleash a revolutionary algorithm to sort out social security numbers used by illegal aliens and immigrants. In other words, they're going to clean up the social security roles and people will not be able to use a dead persons social security number which has been going on for 100 years. It's why you have so many people 112 years old with social security numbers.

South Africa is confiscating land and treating white people very badly and the United States will not stand for it. It's a massive human rights violation says Trump. But the rest of the media is very happy with what goes on.

In 5 days FEMA has addressed 80% of the cases in Western North Carolina. Way to go Christy Noem.

Senate Republicans will probably not confirm Elise Stefanik to the UN Ambassadorship until April 2nd when the two Florida seats (Walts and Gaetz) have been replaced in the special election.

USAID funded the Ukraine Trump impeachment. When the details come out, they will shock you.

How does Chuck Schumer, who has never made more than \$200,000 a year become worth \$80 million? DOGE will find out and if a law was broken, they will be prosecuted.

FEMA sent New York City, \$59 Million last week to luxury hotels to house illegal immigrants. This money was a violation of Trump's executive order and we're going to be asking New York for the money back.

Since October 2023 the USAID has spent \$2.1 billion funding Hamas. You can't support two sides in a war.

Republicans have a new strategy and it is working. They chase Democrats with a camera asking them questions such as: Where did you get your money? Why do you drive a black suburban? Why are you against DOGE ?

It is very effective, as the Democrats are running away from the cameras.
