Ukraine is willing to have a ceasefire. I said that Russia already agreed to this, but is not telling anybody. Let's see if we get a ceasefire in the next two weeks.

Joy Behar: We should cut SpaceX because we already have NASA.

Garfield: We should cut The View because we already have Animal Planet.

What the Democrats need to do is meet Trump on at least immigration and men in women's sports. Until they do, they are on the 20% side of 80/20 issues.

Donald Trump telling Hamas to give up the hostages one last time, said :

To the people of Gaza:
A beautiful future awaits, but not if you hold hostages. If you do, you are dead.

In Nazi Germany, some of the Germans saved the lives of Innocent Jews.

Not a single Palestinian in Gaza saved a hostage.....not one.

In Israel, Purim is the equivalent of Halloween. People get dressed in costumes. This year's top costume is the orange Batman, because Kefir Bibas loved Batman and his hair was orange.

When it comes to the tariffs on Mexico and Canada, Trump is playing a game that no one understands. I don't claim to understand it. I think within a month it'll become clear what he's been doing and it is in the best interest of the United States.

Europe cannot decide what to do about Ukraine so they do nothing. That is typical because the United States can decide we're doing and do it. Europe needs a 27 votes to do something. Zelensky thought Europe was going to save him, They said nice things to him in private, and then said: "Make a deal with Trump, or you are on your own."

I have been waiting for this. Steve Witkoff, the special envoy to the Middle East said the United States and Israel could take joint military action against Hamas if the negotiations with the terrorist group fail.

7 employees have run away from Act Blue, the Democrat money app. Republicans have targeted it as potential money laundering operation.

Americans who suffered depression for 2 years, while Ukrainians die for freedom.

Kristi Noem ended the collective bargaining agreement for TSA. She says that too many people do full-time union work rather than perform screenings. She says TSA looks like a place where you can dump people that don't want to work. Trump's tax cut was a tax cut for billionaires?

2016 the richest 40% paid 37% in taxes. 2019 they paid 42% in taxes. Tell me how billionaires got a tax cut?

In Europe, climate activists glue their hands to the road. My solution: Chop their hands off. Do it once it will never happen again.

There were nine former hostages that met Trump in the oval office this week. They all say that when they heard that Trump won, it gave them a renewed spirit to continue living because they knew they might get saved. They didn't have that with Biden. He who saves a life saves the world. Thank you President Trump.

A few months ago I wrote that is easy to be a Jew in Florida because our governor takes no BS. We have the best laws, such as three people in a demonstration gets out of control and it's a riot. The participants go to jail and we have had no problems in Florida.

The rest of the country needs to follow Florida's model and pass the laws that we have in Florida and the sh#t will stop.

The Israeli hostages told President Trump, that out of hundreds of Palestinians they met in Gaza, they didn't come across a single person that was kind to them. The opposite happened. They were slapped and punched.

To Congress and Mr. Trump: If you remember one thing, it's people on Medicaid get everything 100% free and people that don't have Medicaid have to pay up to \$10,000 a year in deductibles, per person.

This is the part that's not fair and this is where you can get people on Medicaid paying a little bit toward the healthcare.

Ben Shapiro is spearheading the drive to give Derek Chauvin who killed George Floyd a federal pardon. This would not get him out of jail, due to the state charges, I think it is a distraction from the Trump agenda. If he wants to do it in a year or so or on his way out the office that's fine, but right now definitely is not the time.

DOGE found over \$300 million dollars in loans that were granted to children younger than age 11. Most of these were the COVID-19 loans.

Baltimore has 23 schools where not one student is proficient in math.

I May be Broke... but I'm Never Going to be Poor.

President Trump is making changes to Obamacare. He is trying to get rid of waste, fraud and abuse in Obamacare, and trust me, there is a lot of it. He will also take Obamacare away from DACA recipients .

The Trump administration has changed the Medicare forms taking out the sexual orientation questions. In his first term it took years to do this now he does it in months.
