

Zelenskyy Blows It

Trump said for the umpteenth time: “Medicare, Social Security and Medicaid will not be cut.”

Mexico's extradited 29 drug kingpins to the United States. The Mexican President is doing everything not to get a tariff against Mexican goods.

We are having a measles outbreak because the government blew it during Covid and now people don't trust the government and aren't taking the shots. RFK has to hold hearings on the government lying to the American people during Covid. This is the only way to buy credibility back with them.

I called it right. The border patrol has created a registry where migrants have to register within 30 days. If they do not register, they will become a criminal. This will make it very easy to deport people and get arrest warrants for them.

The US Department of Education has sent an email to its employees, offering a \$25,000 buyout for them to leave the department. I think the deadline was 11:59 PM Monday.

I think this is a good strategy to get people off the payroll of a department that Trump is trying to close down.

Remember when Zelenskyy would come to the United States and remind the president of all the dirt he had on his son, and leave with a bunch of money? I miss those days.

The media has published that there are 15,000 transgenders in the United States military. The real number is: 4,240.

The SS United States is being towed to be sunk and become an artificial reef.

The amount of times this ship is showing on my feeds is telling me that this is not a normal ship. Maiden voyage was in 1952, and was the last ship built in the United States for cruising.

We spend and waste so many billions of dollars, maybe Donald Trump and some Cabinet Secretaries can figure out how to divert thirty million dollars and turn it into a museum. This ship should not be sunk.

Israel is stopping all shipments of aid to Gaza as the first phase expired on Sunday.

This is a good first step and one I said they should do months ago.

The US has presented a framework where half the living and dead hostages will be released on the first day, and the rest negotiated.

Hamas has not accepted the deal. Israel is a few days away from Holy Hell breaking out .

Hamas has 24 hostages alive and 35 dead.

Oxford Journal of Sexual Medicine has analyzed data from 107,000 people and concluded that individuals who underwent gender affirming surgery had higher rates of depression compared to those who did not.

Typical Trump. A reporter asked him if he will apologize for calling Zelinskyy a dictator.? Trump responded: “I said that?”

Zelinskyy met with Democrats before the meeting with Trump and he got really bad advice.They told him to dig in his heels and he did. Big mistake.

In Ukraine the men run from a conscription squad. It is all over the Internet. Americans do not like what they see. If someone wants to be pro Ukraine, Zelinskyy will allow them on a plane and they can go fight.

I think the solution is very simple. Zelinskyy signs his agreement through the Secretary of State with no fanfare in Ukraine. Then he's invited to the Oval Office. He says that the Democrats misled him and that is why he was disrespectful to Trump, and he apologizes.

Remember under Donald Trump, Russia did not grab any land. This can not be said for Obama and Biden.

Zielinski saying the war will go on a long time is nuts. So Trump has paused weapons to Ukraine and the US will no longer finance weapon purchases for Ukraine. He better do an apology or he will not be an office very long.

I have watched a lot of State of the Unions in my life. Never once saw somebody be thrown out of the chamber.

Meme of the Week:
When a Christian man shouts: “Praise the Lord,” you smile knowing they are talking about something good that's happened or going to happen.

When a Jewish man shouts: “Brauch Hashem,” you smile knowing they're grateful to God for something good that's happened or going to happen.

When a Muslim man shouts: “Allahu Akbar,” you either duck, run quickly, or it's already too late and you're going to die.
