How does the US citizen get held by ICE, as an illegal? He says that he is an illegal alien. And they have the video footage to prove it.

Two German teens were deported in Hawaii at the airport because they did not have a hotel reservation. That was the headline on USA Today. Further down, we learn that they planned on working in Hawaii.

Some states have put Medicaid in their state constitution. Now that Medicaid may cut the reimbursements, those states may be screwed because once in the Constitution, they have to pay it whether or not they get the reimbursement.

Trump could be on the wrong side of an issue like due process for the guy in El Salvador, but the Democrats go all in on defending an alleged: wifebeater, gang member, and sex trafficker. Trump comes up smelling like roses.

Trump is usually the smartest guy in the room. When he needed a smarter guy, he tapped Elon Musk. Sounds like a good deal.

It was George Floyd that started the Democrats on the path of honoring the worst thugs, killers, murderers, and rapists in America.

Hamas can no longer pay its fighters. I guess fighters without paychecks don't want to be martyrs.

Tim Walz is going to the El Salvador jail to deliver menstrual products for men.

The Supreme Court is taking up Trump's birthright citizenship case. I think they're going to allow the injunctions to stand and let the actual case wind through the lower courts, but they could use this case to stop the lower courts from issuing nationwide injunctions.

If a fetus is a clump of cells, then why do we have gender reveal parties?

Everybody's in a huff because the Supreme Court is blocking deportations for now. But what they're really doing is setting a hearing date in the future to decide the issue.

An Egyptian living in America for the past 20 years is being held in an ICE facility. Oh, he overstayed his visa. He was working on his paperwork, but it's not the same as: filing his paperwork.

What if you're a US citizen and you get a letter from DHS saying you are being deported? Carry your passport or your birth certificate while you're getting it cleared up. You do not need an immigration attorney. They scare you by telling you have to have an immigration attorney. You do not need one.

Ted Nugent being interviewed by a liberal animal rights activist.

What is the last thought in the head of a deer just before you shoot him?

Nugent replied: Deer aren't capable of that kind of thinking. All they care about is: What am I going to eat next, who am I going to screw next and can I run fast enough to get away with it. They are very much like Democrats in Congress.

You know you're getting old when "Friends with Benefits" means having someone who can drive at night.

The same people who refuse to stand for a 13-year-old brain cancer survivor are the same people who fly to El Salvador to help a wife beating, gang member.

The Pope has died. My mother's taught me that if you have nothing good to say about someone when they have passed, say nothing.

The four Democrats who landed in El Salvador were denied a meeting because Lewis Comer cut off the funds. I love it.
