The Democrat line is: “There are no illegals on Medicaid.” When you take off the immigrants in Illinois on Medicaid from ages 42 to 64, it saves Illinois \$404 million.

So Riley Gaines does a swim from Alcatraz with Navy Seals and the liberals have become OBGYNs. Of course, at 31 weeks pregnant her OBGYN said she was fine, but the online belly aching is amazing.

Israel is committing a genocide? Okay... how many Palestinians have been killed in the last 6 months? How many are civilians? The answer is so small that you cannot find it online.

There was a BS story about a Chilean national who lost his green card and was scooped up by ICE and sent to Guatemala. To make matters worse, they said he died. Not one word turned out to be true. From his story coming to the US until he was deported, everything was a lie. The DOJ should sue The Guardian who ran the story. This is the only way you're going to get the media to stop running b#llcrap.

The guy that was throwing rocks at federal agent's cars about a month ago. He was in Mexico and he surrendered to US authorities. When the FBI wants you, they will find you.

As promised, a federal judge has ruled that the Epstein grand jury information must remain confidential. The court had no choice but to rule in this manner.

I have to remind people that it is July, and there's not a lot of news being made that's of interest. I do not write about Jeffrey Epstein.

I'm often asked how I decide what court cases to report on. I usually do not report lower court rulings that I know are going to go up the chain and eventually get ruled on by at least the appellate division and probably by the Supreme Court. So therefore lower court rulings are really not all that important.

Israel is getting smart. They are taking money that the Palestinians use to: "Pay for Slay" and they are paying the families of terror victims in Israel.

According to Europeans, Trump steamrolled their representative on the tariff talks. I guess when you're holding their defense and you have energy, you have power.

Bill Maher admitted that he was wrong about the Trump tariffs. He said that I do not understand, but everything's going great. He said that he must have been wrong.

The issue of the Trump tariff rebate. I think it's a good idea, but should only go to adults that pay taxes.

The tariff's are hurting Trump's approval rating, because the only thing people know about the tariffs is what they've learned from the mainstream media. As the deals go into effect, Americans will come to like the Trump tariff deal because, prices will not go that high.

All media ran the story of the malnourished child in Gaza. As everything else, It was a lie He has a pre existing medical condition that is the cause of his looking like a Holocaust survivor.
