My brother asked me why people follow Bill Gates. He has no credentials. The answer can be found in the song: "If I Were a Rich Man." It goes: " And it won't make one bit of difference if I answer right or wrong. When you're rich, they think you really know."

A famous rabbi: Rav Moishe Feinstein said, the United States is a: "Medina Shel Chessed." A country of kindness.

Trump had a 10 minute break in his schedule, so he decided to end the war between Rwanda and Congo. This has been going on for 3 decades. Anyone tired of winning?

Los Angeles City Council will vote on an eviction moratorium for illegals affected by the ICE raids. Another reason to get your business out of Los Angeles, they're crazy.

Now you have to give the people in Iran a chance to overthrow the government.

The Ayatollah is claiming victory, not just over Israel but over the USA.

The person in charge of the auto-pen for Joe Biden, says she has no idea of the approval process.

The soda in the water fountain candidate will be the next Mayor of New York, and the normal people better move out.

Of course when you're running against the guy with the sexual assault history, it's not hard to beat him. If Sliwa and Cuomo drop out, Adams has a good shot. But if they stay in, he's done and the communist wins.

DHS is suing all 15 Federal Judges in Maryland, because they have a standing order that the clerk Immediately issues an administrative stay, when cases are first filed on illegal immigration cases. This is highly unusual.

One of the reasons why Trump's plan for Gaza is so good, it will shut up the Jews that are voting Democrat. They are so stupid. Watch the videos, not one can answer a single question.

Senator Fetterman reacting to the Communist win in New York City: " I would describe it as Christmas in July for the GOP."

The ultra liberal Denver city council is disabling traffic cameras, so illegals won't be caught. Amazing.

A15 year old steals sunglasses from a store and is arrested. She is illegal. Imagine her shock she is being deported. In the south they don't f*ck around.

CNN, MSNBC, and New York Times 1945: "Hiroshima Setback Briefly by Bombing."

Publix supermarkets will no longer carry Ben & Jerry's Ice Cream. They say they want companies with American values and Ben and Jerry's offers conflict and divisiveness over unity.

Who made up the stuff that ICE needs a warrant to put you in handcuffs and deport you? They need a warrant to go into your home.

I told you when Trump went to Saudi Arabia that the agreement was made for Saudi Arabia and Syria to join the Abraham Accords. Why else could Israel fly over Syrian air-space? Now public officials are quietly stating that very soon Saudi Arabia will join the Abraham Accords, which will then bring more countries in.

Called it right again. SCOTUS has said that lower courts cannot issue nationwide injunctions. They can just handle the case in front of them.

The question of: "Can parents of kids keep them out of LBGTQ indoctrination?" That was a 6-3 vote.

Civil war may break out soon in Gaza. A lot of clans are upset with Hamas for killing their family members. These people have guns.

If L.A. covers the rent of illegals using taxpayer money, those taxpayer's are becoming Republicans, and there are a lot of them.

And here is where the Democrats are nuts as usual. Texas made a law, you have to verify your age to view pornography. The Supreme Court says 6-3, this makes a lot of sense. There's no first amendment protection to verify your age. The liberals on the court voted against it.

Why do Muslims align with the left when religiously they are on the right? Because they see Liberals as easily manipulated. Conservatives stand by their firm principles and are much harder to influence.

Remember all those people that were throwing Amy Coney Barrett off the bench because she was a liberal? Now she writes the decision on restricting federal judges and they love her. I hope that you get the point of not dying on every case that makes the papers and look at the long game.

Why did the Supreme Court have to come in and block the judges ? The judges got greedy and overstepped their authority by issuing all the injunctions against Trump and now the judges don't have nationwide injunctions to toss around.

While President Trump is racking up the victories we have to remember he's only been president for 5 months.

I am so proud of the United States for what they did for Israel and for the world.

You get streets full of Iranians loving Israel and the dumb idiots in the U.S. protest for Iran. When someone tries to educate them their answer: " I watched a TikTok video."

Maya Angelou says: "When someone shows you who they are, believe them."

Fire the Senate parliamentarian? Of course, we loved her when the Democrats were in the majority and she stopped Chuck Schumer's agenda. That is why the Republicans will not fire her and rightfully so. Quit your bitching.

Alligator Alcatraz a prison for illegals in the Florida Everglades that is hard to escape from. There are videos of protesters, but they won't block traffic because in Florida, you block traffic, you go to jail.

People are complaining that we spent \$45 Million for Trump's military parade (250 years of the ARMY) but they're not saying a word about \$7 Billion of military equipment Biden left in Afghanistan.

Maybe New York City needs to go down the tubes, as a lesson to the rest of the country. We learned because Joe Biden was President how bad it could be. Maybe, New York City has to show us the final chapter.

To call Jews colonizers in Israel is equivalent of calling Native- Americans, colonizers in the United States.

Respect to Van Jones. Democrats are asking: "How could Donald Trump figure this out?" Van Jones says: "Donald Trump is a really smart guy and he's surrounds himself with the world's richest person and a Kennedy.

What a mistake the Ayatollah made. All he had to do was run for Mayor of New York City, and he was set for life.
