The SBA has implemented programs to end debanking because people: own guns, are conservative, or are Christian.

CBS White House reporter: “OMG,, OMG OMG, OMG, I can’t believe it. OMG, OMG, OMG.....Taylor Swift and Travis Kelsey are getting married. OMG, OMG”
I hope her orgasms are that good.

My kids refuse to eat leftovers, so my wife suggested I just throw them out.

I did, but now I don't know what to do with all these leftovers.

Babylon Bee...Genius Trump, plans to dumb down the Chinese population by inviting them to attend American universities.

Is the left creating the perfect killers? We know trans-gender people have a very high suicide rate. Is it possible they're being trained to commit murder and then kill themselves?

What a difference in 2 weeks. The Mayor of Washington DC says that we greatly appreciate the work of Federal officers that enhances what MPD has been able to do in the city.”

I guess she knows what her residents want even if she disagrees.

I guess she realized she was in a no-win situation. Maybe the Senate will realize this and continue federal presence past 30 days.

The Minneapolis Police department needs 900 officers. They are down to less than 400. George Floyd and defund the police is why no one wants to become a Minneapolis cop.

Israel, the guardian of Christianity in the Middle East, is presented on American television as hurting Christians. Meanwhile, the Muslims who will kill Christians, gays, etc are portrayed as good guys.

Trump is not allowing terrorists to come to the United States for the UN General Assembly. 100% within his purview. Marco Rubio says: “I'm revoking and denying visas for PLO and PA officials who are planning to attend the UN General Assembly. The days of rewarding terror with global platforms are over. ”

On Friday night we say a prayer for those who are ill and need healing. When I was younger, they would ask: “Who needs healing?” I didn't know anybody. Today, the list goes on and on and on. Getting old sucks.

At the time that Israel declared their independence, Jews, Arabs and anyone else living in Palestine were called Palestinians.

So ICE is getting events canceled by doing nothing. A mass ceremony to welcome 300 citizens and there are people saying that we need to cancel this, because ICE may be there. We are in their heads.

We need a class on basic law. Ideas, such as: “I demand a supervisor. You have to have a warrant. I only want to be touched by a female officer. I don't have to get out of my car.” Are all wrong and can all be solved with a 30-minute class.

Vacations come in all size and shapes. I was able to stay offline from Friday night until Wednesday afternoon. It was glorious. The good news? When I got back online, there was not that much waiting for me.

Nothing gets a mass shooter off the news faster than finding out he or she is a Democrat.

RFK Jr.: “When my uncle was President, 11% of America had chronic diseases. Today it is 74%.

Surgeons in Israel have removed a skull base tumor through the eye socket. No scar. No vision damage. Israel... saving lives again.

Covid in a nutshell. They didn't follow the science....they followed the money.

SCOTUS lifted the injunction about racial profiling in LA. This has hampered immigration agents, but as usual we win.

Supreme Court on the right of the government to question illegals. Very simple. Los Angeles has a lot of illegals and they all congregate in certain areas, like Home Depot. That gives all the cause needed to question them. If they are citizens or legal residents they have to be let go immediately.

Continuing SCOTUS: By illegally immigrating into and remaining in the country, they are violating the immigration laws, and also jumping in front of those waiting in line to immigrate into the United States.

Another example of Trump's ability to put the Democrats on the wrong side of an 80-20 issue. He blows up a boat full of drugs and Tren de Aragua members, and the liberals come down on the side of the drug dealers.

Meme of the Week:

Wife: I have a bag full of used clothing I want to donate.

Husband: Why not throw it in the trash. It's much easier.

Wife: There are poor starving people, who can really use these clothes.

Husband: Honey, anyone who fits into your clothing is not starving.

Husband is currently in hospital.

Open enrollment is coming in October.
