

A Costume Party for Old People

Why was Trump saved from the assassin's bullet by the Lord himself? To bring peace to the Middle East.

Fascist Nazi dictators don't free Jewish hostages from the regime of fascist dictators.

Of all the pictures of the freed hostages, the most touching is the father that has been sitting in a wheelchair because of an accident and can't talk, standing for his son, hugging his son, and trying to get words out. It is an amazing picture and the son is holding the father.

Some people are still on my case why I did not want Trump to run. I have been impressed beyond belief with his running of the country. But had Josh Shapiro been chosen as VP, the race would have been a lot closer and Trump might not have won. The VP debate would not have been the shellacking that it was, with Tim Waltz. Thank God the antisemitic left would not let Kamala choose Josh Shapiro.

Why can't Republicans speak with a unified message. The ACA was good enough for Barack Obama. Biden temporarily raised subsidies, so isn't it good enough now? That is the whole question in a nutshell.

In 1948 the headline on the Boston Globe was: "Arabs invade Palestine."

Someone please explain this to me?

Take away the incentive, and the amount of people claiming to be trans or non-binary or any other BS, has dropped considerably, because the incentive structure is no longer there.

Here's what happened in the Tom Holman deal. The FBI basically gave \$50,000 in cash for no reason. He was supposed to deliver government contracts, but he was not a government employee, which means he was 100% legal.

Liberal: "You are not giving immigrants due process."

Me: "We are, but they get bail denied by the court and they have a choice between staying in jail for years waiting for their hearing, which they know they'll lose, or self deporting." They are self deporting because they won't have the mark against them and they can come back to the United States.

Can a good insurance agent not have any Yelp reviews? Everybody is great when they sell a plan. The question is, two years later, when the client has a problem, are you there? A client of mine died about a month ago. She had cancer but she died of a heart attack. I sat with her husband for 30 minutes, just going through his bills and straightening them out. He was paralyzed by the shoe box. He loves me, but it won't make a Yelp review.

The failed assassination attempt in Qatar will go down history as the most successful failed assassination in history. They let the Qatari's know that the war was moving to their soil and they didn't like that.

The guy that tried to murder Josh Shapiro, burning down his house, received 80 years in jail. The guy/girl that tried to murder Justice Alito, gets 8 years.

I want to remind everyone that the last time a person tried to fix Social Security, it was George Bush 43. He wanted to tie SS to the stock market. The stock market crashed and everybody said: "Look what would have happened had we let him do that." People would have received nothing. The stock market was 10,500. The Dow Jones today it is 46,700.

Pete Buttigieg polls 0% with black voters.

So now the Arab countries are threatening to pull out of the Trump peace plan, including Saudi Arabia and UAE unless they get serious about disarming Hamas.

Now that the "No Kings" protests are complete, we'll see some movement in the Senate about reopening the government. This week I believe. They'll probably need to extend open enrollment, because there is not enough time before November 1st to change the subsidy schedules.

No Kings was a yawner. They couldn't find a cohesive message. They stood there silently waiting for instructions that never came.

No Kings has been described as a costume party for old people. The funniest video was a nursing home, clearing out, everybody wearing Burger King crowns, going to a protest. It is absolutely hilarious.

Remember when the no Kings protest had Mexican flags and they were burning American flags? Then they got the memo that American flags are good, so they have American flags. These people have no core values. They just like to protest.

Israel knew that two of the hostages were being kept in a terror tunnel. They lost 10 soldiers because they would not destroy the tunnel. Is this bad math?

Meme of the Week:

A little kid's in school, taking a true-false test and he's flipping a coin. At the end of the test he's flipping the coin again. The teacher says, "What are you doing?" He says, "Checking my answers."
