You had an illegal criminal running the Des Moines school system and getting all the benefits. He registered as Democrat. Please don't say that illegals do not vote, or get benefits.

In 1994 the Freedom of Access to Clinic Entrances Act was signed into law. Basically, you cannot obstruct patients and staff from entering an abortion clinic. The the law also named one other type of property: places of worship. The Trump Administration is using this law to go after people who are blocking Jews from going to services. There will be constitutional challenges, but since it was originally for abortion law, they're going to have a hard time making their case against the law.

Do you tip 20% because you think the waiters are making \$2.25 an hour? On October 1st, The Florida minimum wage for waiters and other servers is \$11an hour. Not \$2.25 an hour. I'm probably going to be adjusting my tipping.

If Donald Trump does not win the Nobel Prize, then he should make his own Trump Peace Prize. He awards it to himself the first time, then picks a winner every year and awards a cash prize. He advertises it as: "The Real Peace Prize."

So Trump writes an executive order giving NATO-like protections to Qatar. Of course Trump quietly told Netanyahu to bomb Qatar. This is Trump playing 4D chess better than anybody. The Qataris have something to show their people back home and if Hamas is expelled from Qatar which is part of the deal, Israel wants to be friends with Qatar and every other Arab country except Iran.

In 2 weeks, Donald Trump turns the whole world against Hamas. This is incredible.

Qatar told Hamas to end the war. Why? Because if not, Qatar will expel them and Israel will kill them. A good reason to end the war.

I am writing this on Friday evening. The hostages will be released and Israel will have time to cry, because they've lost 1200 Israelis on October 7th, and almost 1,000 soldiers killed in battle. Israel has buried the dead quickly, but they have not had time to grieve.

This the difference with Donald Trump. He does not waste an opportunity. Many people said he should speak out loudly against Qatar being on both sides of the fence. He doesn't do that. He has a quiet conversation, tells the world that Qatar is a wonderful country and makes a deal behind closed doors that helps resolve the Hamas War. That is the Trump difference.

The Abraham Accords came about because Jamal Khashoggi was killed by the Saudis in Turkey. Everyone said Trump should speak out against the Saudis. Trump said no. He quietly told the Crown Prince, he needed to play ball and Trump would be quiet about the murder. That led to the Abraham Accords. That is why Donald Trump is better than anybody else in the history of American leadership.

A whistleblower claims Democrats were encouraging staff to help illegal immigrants qualify for lifetime disability benefits, even if they never worked a day in the US. More to come.

At the next election Alan Dershowitz will be voting GOP. This is a big deal, and he publicly said it.

This is the big news that will not make the headlines. Qatar is carrying out a purge at Al Jazeera. Al Jazeera will reduce the amount of lies it spreads throughout the Middle East. Remember, Donald Trump negotiates to win.

Barry Weiss has become editor and chief for CBS News. This is a major development that has liberals going nuts. The conservatives now have the whole body in the door, Not just a nose or a toe. Liberals are dying.

I saw something about MSNBC going independent from NBC. This might because NBC has to make the curve to the right, leaving MSNBC on its own, to cater to the far left.

Trump will have a meeting in Brazil next week with the Brazilian President. I would not be surprised if he brings back Bolsonaro, the former president, that is facing jail.

A reminder that 47 Americans died on October 7th in Israel.

Florida raised the minimum wage to \$14 an hour. Remember when you were protesting for it. You're going to be able to save money, go on vacation, buy a car, etc. The reality is that you're making less now after inflation than you did before. Keep protesting, see where it gets you.

If removing all guns saves just one life, it's worth it. Counter argument: Then, if deporting all illegal saves just one life, that would be worth it.

Hamas agrees to Trump's plan. Why? They did not have a choice. Everybody told them, take the deal or you will die. In other words: when defeat is inevitable, get to the front of the line and lead the parade out of town.
