

Our Hostages Are Home

In Israel between the Palestinians and the Israelis, one is usually crying and one is usually dancing, but never at the same time. On October 8th when Trump announced there was going to be peace, both sides were jubilant. This is an amazing opportunity.

Israel in 2 years took out every one of their enemies, an amazing achievement.

This just in: “Judge Boasberg has blocked Trump's peace deal, ruling Hamas and Israel must continue killing each other.”

Leftist: Free Palestine
Trump: I did

Everyone asks me: Why Medicare benefits are being cut? The answer is very simple: “Joe Biden’s drug plan.” In order to get to where nobody pays more than \$2100 for their drugs, the money had to come from somewhere. The Medicare benefits are being cut to cover the drug benefits. Only 10% of people needed their drugs paid for, 90% of people were fine, so here, the 90% are paying for the 10% and your benefits have been drastically reduced.

When Trump refers to the hostages, he refers to them as: “OUR HOSTAGES.” Our hostages, not Israel's hostages. That is why he was able to make this deal. When I refer to the hostages, I refer to them as: “Our hostages, not Israel's hostages.” That is why I love Donald Trump.

Antifa said they're going to point laser pointers at federal aircraft. I think the feds should counter with: “We will shoot you dead with real bullets if you do that.” Kill a couple of them and it'll stop. I promise.

Turning Point USA is going to have an alternative to the half time show in the Super Bowl. This is brilliant. This gives Turning Point a national audience and it could be as much as 40% or more of the NFL audience. For the first time in my life, I might watch a halftime show.

Israel's new hostage policy has to be: You take a hostage, Israel immediately bombs about 2,000 people, no warning. Day two, we bomb 10,000 people. Day three, 20,000 people. Day four 40,000 people until we've blown up everybody, or we get our hostage back. It's the only thing that will work. We cannot keep giving up hostages for 1,0000 prisoners. If they take more than one hostage, then the initial and subsequent bombings are multiplied by that many hostages.

How to read online news in 5 minutes. The trick is knowing what articles not to read. Congressman demands investigation... don't read. Republican Congressman demand Shumer reopen government.... don't read. If there is an individual Congressman or Senator or lower level bureaucrat..... don't read. This advice will save you many hours of wasted time.

Illegals collected over \$7 Billion in Medicaid payments, according going to Gateway Pundit.

From Eli Sharabi's book: “Hostage.” "He was 64 lbs while Hamas ate four meals a day. He found out his wife and teenage daughter were murdered, when he was freed."

A word about the shut down. The Democrats are afraid that the world will know how bad Obamacare was and is. They'd rather the government close, then people realize that Obamacare is killing America. If you want to know the specifics, please call or email me.

As someone that watches a lot of police videos, why don't they have an: “Apple Tag Handcuff?” They pull out the perp’s arm and they put a handcuff on it. If there's any struggle or he / she drives off, they can find him.

Remember Israel is a very small country and everyone is personally affected, either by a hostage or by a soldier that has died.

The difference in the US when something happens, is the media appears to be indifferent. In Israel, the media people are overjoyed at the hostage release. They don’t hide their emotions.

I have a couple of liberal Jewish friends that hate Trump, but they admitted that what he did was amazing.

I don't believe a week has gone by in 2 years that I haven't talked about the hostages. Watching their release, I feel like an Israeli. As Donald Trump says, “They're our hostages and they're coming home.”

I'm going to remind you that Donald Trump is the: “Anti-semitic president.” That tells you everything you need to know about the leftists and their media.

In 1979.... 66 American hostages were taken in the embassy in Iran. They were released when Ronald Reagan took the oath of office, and Iran was afraid.

A Tony Orlando song: “Tie a yellow ribbon...” was popular. He changed the words to: “As long as one of us is hostage, none of us are free...”

In Israel, the hostages are free and so are we.

I will end this with what a family member said as he to hugged his returned loved one.

(It was Hebrew, but this is the English translation)

Hear O Israel, The Lord our god, The Lord is one.

Blessed are You, Lord our god, King of the Universe, who has granted us life, sustained us and enabled us to reach this occasion.

Meme of the Week:

Go look at the videos of the joy of the hostages being reunited with their families. That will be our meme of the week.
